Mary Lou Tighe: Vice mayor good.

31

00:02:22.530 --> 00:02:24.510

Mary Lou Tighe: I don't see the vice mayor anyway Sally do.

32

00:02:27.420 --> 00:02:28.110

Beam Furr: But we got frank.

33

00:02:29.100 --> 00:02:29.310

Sely Cochrane: I was.

34

00:02:29.880 --> 00:02:31.050

Sely Cochrane: On your orders is on.

35

00:02:31.620 --> 00:02:35.760

Mary Lou Tighe: But I don't think that we do the working group two alternates.

36

00:02:36.810 --> 00:02:38.670

Mary Lou Tighe: I don't think they do, but anyhow let's keep going.

37

00:02:43.110 --> 00:02:44.070

Mary Lou Tighe: Commissioner McMahan.

38

00:02:45.600 --> 00:02:49.890

40

00:02:51.960 --> 00:02:53.610

Mary Lou Tighe: Commissioner, have ayanna.

41

00:02:54.300 --> 00:02:54.690

here.

42

00:02:59.580 --> 00:03:03.540

Mary Lou Tighe: You have six Members present, so you have a quorum and.

43

00:03:04.920 --> 00:03:05.430

Mary Lou Tighe: chair is.

44

00:03:06.450 --> 00:03:07.770

Mary Lou Tighe: Jamie call has now joined us.

45

00:03:08.700 --> 00:03:19.740

Greg Ross: amy We thank you for joining us we've held a moment of silence and honor of your your lost your father and we all sympathize and offer our condolences.

46

00:03:22.260 --> 00:03:23.820

Jamie Cole: Thank you very much appreciated.

47

00:03:25.800 --> 00:03:32.850

Greg Ross: Having said that, I will go ahead and ask Kevin if you would please give us an update.

48

00:03:37.200 --> 00:03:44.880

SWRS: Good morning of the update this morning will be brief because right now we're trying to get the person at the mo you sign.

49

00:03:45.780 --> 00:03:55.860

SWRS: bro miss Belize and have already scheduled it and some that have already approved that we want to thank you in advance for getting it on there's still a handful of those that we don't know if they.

50

00:03:56.250 --> 00:04:09.960

SWRS: scheduled it, I believe, Mary Lou is keeping track of that will be showing that list shortly, but if we can just make sure that it's on the agenda, because we do have that very tight deadline of February 11.

51

00:04:10.620 --> 00:04:18.390

SWRS: To decide whether we're going forward or not, and had the 90% The only other thing i'd like to point out is.

52

00:04:19.440 --> 00:04:26.910

SWRS: The cities, I believe, went through the tech members should have gotten a list of information from the consultant.

53

00:04:27.210 --> 00:04:34.470

SWRS: And that they're going to be eating so just to clarify that, as far as for the city's to contact their haulers.

54

00:04:34.800 --> 00:04:43.620

SWRS: and make sure that they're able to provide that information and start collecting that data, so you can still can hit the ground running so we can make our aggressive deadline.

55

00:04:44.220 --> 00:05:01.470

SWRS: And while a lot of a lot of the city's may use the same hauler it's common that they have different points of contacts and route supervisors to get that information from so each shooting needs to reach out to their hauler and speak with them.

56

00:05:02.610 --> 00:05:04.290

SWRS: And that's all I have at this time.

57

00:05:05.190 --> 00:05:07.530

Greg Ross: Very good, any questions of Kevin at this time.

58

00:05:08.010 --> 00:05:11.100

Beam Furr: Would it be would it be okay to put up the list of.

59

00:05:11.130 --> 00:05:14.940

Greg Ross: Cities i'm going to ask i'm gonna ask you to do that in a moment I.

60

00:05:15.060 --> 00:05:15.540

Greg Ross: Just know.

61

00:05:16.170 --> 00:05:21.600

Mary Lou Tighe: While we're still on that subject, so I sent that memo out yesterday under the.

62

00:05:23.460 --> 00:05:24.600

Mary Lou Tighe: Chair of the tack.

63

00:05:27.990 --> 00:05:35.820

Mary Lou Tighe: i'm cautious but want your Council as to how much information we send out to the delegates in the alternate.

64

00:05:37.530 --> 00:05:40.740

Mary Lou Tighe: Because they don't want to get you know, last week with a priority stuff.

65

00:05:44.490 --> 00:05:57.000

Mary Lou Tighe: i've asked in that memo that they copy the League on it so that we can try and track that too and Kevin and I can try and you know double team them to make sure that we're getting responses, but.

66

00:05:58.440 --> 00:06:05.880

Mary Lou Tighe: If we're not at some point, do you all think that we should be sending that out to the delegates in the alternate so that they know that that request has been made up their staff.

67

00:06:06.540 --> 00:06:14.520

Mary Lou Tighe: I mean you know that doesn't attack it doesn't even include city managers or anybody else so it's kind of incumbent upon those staff members to.

68

00:06:16.530 --> 00:06:21.300

Mary Lou Tighe: You know, do that work, but sometimes things get lost in the shuffle oh.

69

00:06:21.720 --> 00:06:22.260

Beam Furr: We send it.

70

00:06:22.350 --> 00:06:22.680

Mary Lou Tighe: To the.

71

00:06:24.810 --> 00:06:25.170

Beam Furr: chair.

72

00:06:25.710 --> 00:06:26.550

Greg Ross: region refer.

73

00:06:26.850 --> 00:06:30.990

Beam Furr: Can we send that same thing to the Association of city manager.

74

00:06:33.150 --> 00:06:35.460

Beam Furr: So that we make sure it's hit everybody.

75

00:06:36.960 --> 00:06:37.200

Greg Ross: there.

76

00:06:41.490 --> 00:06:42.030

Mary Lou Tighe: I saw.

77

00:06:44.310 --> 00:06:49.530

Mary Lou Tighe: Commission medicine has his hand raised and I thought I saw Commissioner have a on his hand raised to but I don't see it anymore.

78

00:06:50.190 --> 00:06:52.290

Greg Ross: All right, well let's go in order Commission marathon.

79

00:06:53.070 --> 00:07:14.070

Bob Mayersohn: yeah I would send that out to the delegates only because if the delegates have it coming before their Commission at that point in time, they can bring it up in a reference you know, basically, to make sure that there's a connectivity so that would be the only thing that I mean.

80

00:07:15.330 --> 00:07:29.010

Bob Mayersohn: it's a bit, but I just think that's an opportunity to kind of talk to the city managers to the Attorney other Commissioners that are on the day us and then kind of make it, you know that continuum that flow of information.

81

00:07:31.200 --> 00:07:32.250

Greg Ross: Thank you very much.

82

00:07:33.270 --> 00:07:33.840

Greg Ross: Have a wanna.

83

00:07:34.440 --> 00:07:43.830

Sabrina Javellana: i'm just gonna say I agree with Bob I think more eyes on this, the better at this point so that includes the city managers, the delegates maybe assistant city managers.

84

00:07:45.030 --> 00:07:49.860

Sabrina Javellana: I know these people are getting tons of emails a day so it's easy to lose one of these so more people, the better.

85

00:07:51.750 --> 00:07:52.380

Mary Lou Tighe: Okay, so.

86

00:07:52.620 --> 00:07:59.910

Mary Lou Tighe: Then, rather than to vc cma should I just send them through directly to the managers and the delegates.

87

00:08:01.800 --> 00:08:04.800

Greg Ross: As long as it all the managers get it sure that's not a problem.

88

00:08:06.390 --> 00:08:08.700

Beam Furr: You can do all you can do all the above.

89

00:08:09.330 --> 00:08:09.600

Greg Ross: Right.

90

00:08:09.630 --> 00:08:09.990

Beam Furr: I was gonna.

91

00:08:10.680 --> 00:08:12.180

Greg Ross: Miss yours, right here.

92

00:08:13.080 --> 00:08:13.260

Mary Lou Tighe: Okay.

93

00:08:13.290 --> 00:08:17.430

Beam Furr: They might get a duplicate but that's twice is better than none so.

94

00:08:17.700 --> 00:08:21.150

Greg Ross: that's what Commission I just said yeah.

95

00:08:21.810 --> 00:08:25.770

Beam Furr: And I concur with Bob and Sabrina on that I think that's a good idea.

96

00:08:26.490 --> 00:08:37.080

Mary Lou Tighe: Okay, so we'll just you know what i'm going to do that the same way we did the DEMO us and we'll send it out copy the delegates the alternates the managers, the attorneys and city clerk's.

97

00:08:38.250 --> 00:08:38.880

Greg Ross: Very good.

98

00:08:39.390 --> 00:08:49.020

Mary Lou Tighe: And Sally you're unmuted unless you don't want us to hear what you're saying.

122

00:10:33.600 --> 00:10:34.980

00:10:58.890 --> 00:10:59.340

Beam Furr: Very cute.

131

00:11:00.420 --> 00:11:03.720

Mary Lou Tighe: Any do I want you know that the first thing that improved it was the ranch legs.

132

00:11:04.440 --> 00:11:05.700

Beam Furr: Now we're more than halfway there.

133

00:11:06.330 --> 00:11:09.030

Greg Ross: That you're a there population were in.

134

00:11:09.570 --> 00:11:11.280

Beam Furr: Exactly, but it was almost there.

135

00:11:17.280 --> 00:11:19.350

Beam Furr: How many people are in serious likes 300.

136

00:11:20.280 --> 00:11:21.780

Mary Lou Tighe: You know it's a popular me.

137

00:11:21.930 --> 00:11:23.490

Greg Ross: During season, maybe.

138

00:11:26.130 --> 00:11:27.600

Beam Furr: it's it's a nice little neighborhood, though.

139

00:11:27.810 --> 00:11:31.200

Greg Ross: It is but don't blink because you'll drive right through it.

140

00:11:31.290 --> 00:11:33.540

Beam Furr: I know well, you got to stop with the gate first.

141

00:11:38.250 --> 00:11:40.980

Matthew Haber: looks like they have a population of 621.

142

00:11:41.100 --> 00:11:45.030

Sely Cochrane: And i'm having problems with my share function, can I.

143

00:11:45.240 --> 00:11:45.510

144

00:11:51.720 --> 00:11:53.850

Beam Furr: I see Tamar I could prove that this morning that's great.

145

00:11:54.240 --> 00:12:18.120

Greg Ross: And just as a time killer so that you can see, I can tap dance.

149

00:13:04.920 --> 00:13:06.090

Mary Lou Tighe: He did not hear from him.

150

00:13:06.450 --> 00:13:16.290

Greg Ross: yeah and and candidly I know the city manager in the city in which he works so i'm trying to contact him to see where Tom is.

151

00:13:16.710 --> 00:13:18.810

Frank Ortis: amiss in tallahassee was daughter's wedding.

152

00:13:19.410 --> 00:13:23.100

Greg Ross: Okay, oh he's back, he would set the meeting last night for Cooper city.

153

00:13:23.820 --> 00:13:25.380

Frank Ortis: And I had no idea where it's.

154

00:13:25.500 --> 00:13:26.190

Greg Ross: Like I say.

155

00:13:26.280 --> 00:13:27.360

Greg Ross: I live in real time.

156

00:13:33.900 --> 00:13:37.440

Mary Lou Tighe: I just got an email from him that he's not available, due to a conflict.

157

00:13:38.130 --> 00:13:40.260

Greg Ross: Okay, fair enough.

158

00:13:40.590 --> 00:13:42.990

Mary Lou Tighe: In the meantime it's still trying to share.

159

00:13:43.980 --> 00:13:49.530

Greg Ross: And that's okay anyone have anything they want to share at this point who's on the working committee.

160

00:13:56.610 --> 00:13:58.290

Greg Ross: All right, and here we go.

161

00:14:02.490 --> 00:14:08.970

Greg Ross: And woman of hidden talents, she has completed it and we'll be sharing in a moment.

162

00:14:11.580 --> 00:14:12.360

Mary Lou Tighe: Can you see it.

163

00:14:13.500 --> 00:14:16.380

Greg Ross: Now I only show not yet you have to hit on it to open it.

164

00:14:16.830 --> 00:14:17.910

Beam Furr: We see all your email.

165

00:14:19.140 --> 00:14:20.910

Mary Lou Tighe: that's good that's good.

166

00:14:21.660 --> 00:14:22.290

Beam Furr: We do a little bit.

167

00:14:22.830 --> 00:14:24.240

Sely Cochrane: Empty your deleted folder.

168

00:14:26.160 --> 00:14:31.770

Mary Lou Tighe: um So what do I do now Sally I mean i've got it up on my screen i've got it says she says i'm screen sharing.

169

00:14:33.390 --> 00:14:38.850

Sely Cochrane: So I think you selected to share your inbox and so that's, the only thing we can see.

170

00:14:40.260 --> 00:14:42.420

Mary Lou Tighe: Okay, so let me try and.

171

00:14:43.050 --> 00:14:43.710

back out.

172

00:14:51.180 --> 00:14:54.810

Sely Cochrane: I can try to drop the file in the chat if that's easier.

173

00:14:56.370 --> 00:14:56.970

Mary Lou Tighe: Coming up now.

174

00:15:02.700 --> 00:15:03.510

Mary Lou Tighe: You seen it yet.

175

00:15:04.650 --> 00:15:08.730

Sely Cochrane: Now we're only going to see your your inbox because that's what you click to share.

176

00:15:09.270 --> 00:15:10.800

Mary Lou Tighe: No, I shut my inbox.

177

00:15:11.820 --> 00:15:20.490

Sely Cochrane: Right, but when you hit share screen if you clicked on your inbox that's, the only thing that we'd be able to see so even as you move around your desktop.

178

00:15:31.350 --> 00:15:32.520

Sely Cochrane: Can you try, one more time.

179

00:15:41.550 --> 00:15:48.300

Greg Ross: And I recognized while Mike Ryan, is not here, we have Lord is Lawrence video sunrise sitting in Thank you.

Greg Ross: community service announcement trying to continue my tap dancing.

182

00:16:16.470 --> 00:16:24.630

Greg Ross: The 13 contract cities were to have a meeting with the broward sheriff's office today to be held in Cooper city.

183

00:16:25.170 --> 00:16:42.000

Greg Ross: And unfortunately due to re scheduling conflict JEREMY cannot make it so it's been cancelled and will be reset upon proper notice, so if you were planning on coming up tending by virtual please don't because no one will be there.

184

00:16:51.030 --> 00:16:53.790

Greg Ross: Okay, I gotta ask the question how about.

185

00:17:07.470 --> 00:17:07.980

Mary Lou Tighe: So.

186

00:17:11.850 --> 00:17:13.050

Beam Furr: We can probably do without it.

187

00:17:14.550 --> 00:17:14.850

Greg Ross: well.

188

00:17:15.660 --> 00:17:16.560

Mary Lou Tighe: Is that it.

189

00:17:17.220 --> 00:17:18.390

Greg Ross: Yes, yep.

190

00:17:18.630 --> 00:17:19.020

00:17:19.620 --> 00:17:20.580

Greg Ross: you're done did it.

192

00:17:20.880 --> 00:17:22.470

Mary Lou Tighe: I am not sure that this is the most.

193

00:17:22.530 --> 00:17:24.570

Mary Lou Tighe: updated version so.

194

00:17:24.870 --> 00:17:26.760

Mary Lou Tighe: i'll just run through them as we go.

195

00:17:29.250 --> 00:17:29.580

Mary Lou Tighe: So.

196

00:17:33.060 --> 00:17:35.790

00:20:54.930 --> 00:20:55.050

Mary Lou Tighe: I.

250

00:20:55.980 --> 00:21:01.500

00:21:02.670 --> 00:21:04.200

Mary Lou Tighe: The manager and the.

252

00:21:05.580 --> 00:21:08.520

Mary Lou Tighe: Public Works director, but I have not heard anything back on a definitive date.

253

00:21:12.030 --> 00:21:13.050

Beam Furr: that's pretty impressive, though.

254

00:21:13.650 --> 00:21:13.920

Mary Lou Tighe: And the.

255

00:21:15.390 --> 00:21:20.370

258

00:21:29.220 --> 00:21:30.990

265

00:21:55.860 --> 00:22:12.150

Mary Lou Tighe: i'm sorry the I la i'm sorry Jamie Thank you.

303

00:25:10.110 --> 00:25:12.180

Jamie Cole: Yes, that's our goal.

304

00:25:12.780 --> 00:25:19.800

Greg Ross: All right, very good and we have we have honestly and I can say in all facets always reached our goal.

305

00:25:20.160 --> 00:25:22.950

Greg Ross: And I thank you for the attempts.

306

00:25:23.190 --> 00:25:24.210

Mary Lou Tighe: Mr Chairman.

307

00:25:24.270 --> 00:25:25.710

Mary Lou Tighe: matt Haber has his hand raised.

308

00:25:25.950 --> 00:25:27.360

Greg Ross: Yes, Sir, Mr Haber.

309

00:25:28.020 --> 00:25:46.260

Matthew Haber: I, I agree with jamie's assessment that we should have a draft for the working group to look at by next by the next meeting I do want to point out that it might be wise to have the TAC look over the draft after the working group and make additional recommendations.

310

00:25:47.790 --> 00:25:57.450

Matthew Haber: There is just technical elements and logistical elements of this iowa that I think the tack will be better situated to advise on.

311

00:25:58.710 --> 00:26:01.410

Greg Ross: instead of waiting, we could do it concomitantly.

312

00:26:02.460 --> 00:26:08.730

Greg Ross: which I don't have a problem with either you know we're sending it out let's send it out to them as well, at the same time.

313

00:26:09.240 --> 00:26:12.450

Mary Lou Tighe: Do you want to have a joint meeting of the attack in the waist group.

314

00:26:13.350 --> 00:26:13.980

Mary Lou Tighe: Working Group.

315

00:26:14.430 --> 00:26:15.360

Greg Ross: What an idea.

316

00:26:16.380 --> 00:26:16.980

Greg Ross: Yes.

317

00:26:17.220 --> 00:26:17.940

Greg Ross: So we'll make.

318

00:26:18.450 --> 00:26:26.040

Mary Lou Tighe: we'll make next wednesday's i'm meeting a joint meeting and the solid race working group right.

319

00:26:27.030 --> 00:26:36.120

Greg Ross: And, and no pressure on the lawyers but as soon as you can get that to us the earlier, the better, but having said that, Commissioner, I have a line I saw your hand up and then went.

320

00:26:36.120 --> 00:26:36.570

Sabrina Javellana: down.

321

00:26:37.200 --> 00:26:46.650

Sabrina Javellana: Oh fine, I just wanted to ask so for um for the meetings that are scheduled to vote on the mo you.

322

00:26:47.670 --> 00:27:02.430

Sabrina Javellana: chair os or vice chair for are you are you guys planning to come to speak it up, if you can, or like could you email my colleagues just you know, like hey I urge you to support this if you can't come to speak obviously that's hard.

323

00:27:04.590 --> 00:27:06.180

Beam Furr: When it when when is a.

324

00:27:06.270 --> 00:27:07.350

Greg Ross: That was my question.

325

00:27:07.380 --> 00:27:08.670

Greg Ross: Committee meeting.

326

00:27:09.030 --> 00:27:14.880

Sabrina Javellana: Next Wednesday at 530, but if you could just like even send an email of support like that would make.

327

00:27:14.970 --> 00:27:16.710

Beam Furr: You know all the diff happy to happy to do.

328

00:27:18.570 --> 00:27:19.980

Beam Furr: That or i'll show up one of the other.

329

00:27:20.760 --> 00:27:25.860

Greg Ross: And i'm checking my calendar and it looks as if yes, I can do it.

330

00:27:26.640 --> 00:27:29.280

Sabrina Javellana: Okay it's on it's on zoom so you can like um.

331

00:27:29.460 --> 00:27:30.240

Greg Ross: Oh, even better.

332

00:27:31.200 --> 00:27:33.690

Sabrina Javellana: Okay okay i'll send you guys information thank.

333

00:27:33.690 --> 00:27:34.110

Greg Ross: You.

334

00:27:34.230 --> 00:27:43.020

Greg Ross: yeah the property and and anyone else who needs that you know, let us know again him and I both will will do that if we are available.

335

00:27:43.500 --> 00:27:48.990

Mary Lou Tighe: So i'm going to ask the question and then I see mass hand raised and we need to sunshine that meeting.

336

00:27:49.800 --> 00:27:51.690

Greg Ross: I believe so, but matt you're the.

337

00:27:52.890 --> 00:27:54.300

Greg Ross: expert on the sunshine.

338

00:27:54.690 --> 00:28:03.780

Matthew Haber: that's exactly what I was getting at, yes, but we can also do that as well, so, if you would send us that information and also.

339

00:28:05.160 --> 00:28:11.190

Matthew Haber: You know, I just want to make sure that Commissioner heavy on isn't directly sending emails on this topic to other members of the working group.

340

00:28:11.730 --> 00:28:14.790

Sabrina Javellana: Well i'll have my city clerk send their information to Mary Lou.

341

00:28:15.270 --> 00:28:17.520

Greg Ross: Fantastic Thank you and it's got.

342

00:28:17.820 --> 00:28:18.480

Greg Ross: An American.

343

00:28:18.720 --> 00:28:23.430

Mary Lou Tighe: And, and then Sally will notice it and matt will send it to you for the county didn't notice it also.

344

00:28:25.290 --> 00:28:25.740

Thank you.

345

00:28:26.970 --> 00:28:37.890

Bob Mayersohn: And I guess more of a technical question, and this goes out to the lawyers as an eye la because there is some State legislation that I saw regarding.

346

00:28:39.300 --> 00:28:43.170

Bob Mayersohn: Funding for obviously waste generation plants.

347

00:28:44.670 --> 00:28:48.300

Bob Mayersohn: In the crafting of the lie I just don't want to be excluded.

348

00:28:49.530 --> 00:28:55.950

Bob Mayersohn: or this group be excluded from those funding opportunities, because a lot of it says, you know municipalities or counties.

349

00:28:56.550 --> 00:29:10.950

Bob Mayersohn: were not necessarily a municipality or a county where a group of municipalities and a group, including Academy, so I don't know if there's any way to craft language in La that would include us in that.

350

00:29:12.060 --> 00:29:12.510

Bob Mayersohn: arena.

351

00:29:16.260 --> 00:29:18.810

Greg Ross: I guess that's food for thought for the attorneys.

352

00:29:20.490 --> 00:29:22.260

Greg Ross: When they're preparing the iowa.

353

00:29:23.280 --> 00:29:23.640

Bob Mayersohn: Correct.

354

00:29:24.120 --> 00:29:25.470

Greg Ross: or I should say fine tuning it.

355

00:29:27.120 --> 00:29:29.490

Jamie Cole: If I can just comment on that it may be.

356

00:29:30.690 --> 00:29:38.790

Jamie Cole: I mean we can certainly put something on it in the La I don't think that's gonna make any difference, I think what we might want to do is if any of us have a lobbyist.

357

00:29:39.270 --> 00:29:48.960

Jamie Cole: The county or any of the cities to propose to check out the language in that bill and make sure it applies to subway sororities as well as or.

358

00:29:49.470 --> 00:30:01.050

Jamie Cole: I la entities solid waste authorities any other you know conglomeration of cities or counties, it would probably make the most sense to try to get that in the legislation so that were covered.

359

00:30:03.060 --> 00:30:14.430

Greg Ross: And, and I agree with that and and somehow I think the intent would be to include the cities and counties, regardless of what they're called, but I think it's a good idea to just review the bill.

360

00:30:17.460 --> 00:30:18.060

Greg Ross: Okay.

361

00:30:18.810 --> 00:30:25.800

Mary Lou Tighe: anyone else anything Commissioner mayor saying, can you send that legislation or those notations to me, so that we can follow up on it, thank you.

362

00:30:25.860 --> 00:30:30.990

Greg Ross: Okay, and I know that some of us and Mary Lou if you can with the.

363

00:30:31.260 --> 00:30:32.640

Greg Ross: updates that have been made.

364

00:30:32.670 --> 00:30:36.870

Greg Ross: Can you send that excel sheet out to the fellow wait.

365

00:30:37.710 --> 00:30:41.520

Mary Lou Tighe: Wait we will send it to the working group, and it will be posted on the League website after this meeting.

366

00:30:42.060 --> 00:30:43.500

Greg Ross: Wonderful Thank you very much.

367

00:30:43.650 --> 00:30:45.600

Mary Lou Tighe: Mr chair Sam may has his hand raised.

368

00:30:46.440 --> 00:30:47.850

Greg Ross: But i'm not a public comment yet.

369

00:30:50.310 --> 00:30:52.020

sam may: This is this isn't really a comment.

370

00:30:53.460 --> 00:30:54.900

Mary Lou Tighe: Sam as a Member in the chat.

371

00:30:55.650 --> 00:30:57.780

Greg Ross: Oh, thank you very much okay Sam.

372

00:30:58.440 --> 00:31:09.600

sam may: Thank you, thank you, a mayor Ross so the reason I was asking the question of Mary Lou was the mo you can we send an email or do you need an original copy down there.

373

00:31:10.950 --> 00:31:11.880

sam may: Jim you.

374

00:31:12.870 --> 00:31:14.070

Greg Ross: had to legal per your.

375

00:31:14.070 --> 00:31:14.700

Greg Ross: question.

376

00:31:14.880 --> 00:31:15.750

Greg Ross: it's illegal what.

377

00:31:16.140 --> 00:31:22.260

Mary Lou Tighe: That question was asked yesterday and I post it to Kevin and Kevin says that a lot electronic signatures and.

378

00:31:23.340 --> 00:31:24.810

Mary Lou Tighe: He filing is fine on it.

379

00:31:25.890 --> 00:31:37.860

Mary Lou Tighe: And I see Kevin essence hand raised up raised and i'll let him go that you know my concern effort is that we don't just get a bunch of executed documents without checks.

380

00:31:39.360 --> 00:31:58.710

Mary Lou Tighe: So what what I said back to folks and, ranging from managers check marks is you know the to have to go hand in hand, let me know and if Sally or I need to go pick it up in order to make sure that we're getting things by the 11th and everything is being done, we will certainly do that.

381

00:31:59.760 --> 00:32:00.420

Greg Ross: And Kevin.

382

00:32:02.430 --> 00:32:03.510

SWRS: Oh very well covered it.

383

00:32:04.320 --> 00:32:05.220

Greg Ross: I do.

384

00:32:05.970 --> 00:32:11.280

sam may: Okay, so you need the agreement and the check by the 11th if I remember correctly.

385

00:32:11.610 --> 00:32:12.390

Mary Lou Tighe: that's correct.

386

00:32:13.050 --> 00:32:16.470

Mary Lou Tighe: And if we, and if we can get it before that Sam that would be even better.

387

00:32:17.670 --> 00:32:21.750

Mary Lou Tighe: I you know I don't want the 11th to come and we're like you know crazy people trying to.

388

00:32:22.680 --> 00:32:31.980

Mary Lou Tighe: Because that really I mean you know we talked about deadlines, but as Kevin has said that really is the deadline it's not like we've got another day or another 24 hours or what so.

389

00:32:32.340 --> 00:32:39.360

Mary Lou Tighe: You know i'm hopeful that by you know the 10th we have everything wrapped up or the ninth rather than you know this last minute stuff.

390

00:32:40.080 --> 00:32:47.850

sam may: Okay, so we can bring it to you, however, you want ours to come to you, we can bring it to you or, if you want to pick it up that's either either way i'll let you know when it's ready, though.

391

00:32:48.390 --> 00:32:50.280

Mary Lou Tighe: don't you just send me an email and we'll take care of it.

392

00:32:50.910 --> 00:32:53.040

Greg Ross: Thank you Kevin are you raising your hand again.

393

00:32:54.420 --> 00:32:54.900

sam may: not me.

394

00:32:55.680 --> 00:32:56.820

Greg Ross: No Kevin Kevin.

395

00:32:57.360 --> 00:33:03.720

SWRS: Yes, and if push comes to shove, if you need the county to come pick up your chip we're always willing to do that.

396

00:33:04.800 --> 00:33:06.450

Greg Ross: Thank you Kevin I appreciate that.

397

00:33:08.490 --> 00:33:09.660

Greg Ross: anybody else.

398

00:33:11.580 --> 00:33:15.090

Greg Ross: Okay, then let me go ahead and open it for public comment.

399

00:33:18.870 --> 00:33:20.370

Greg Ross: You have any hands raised.

400

00:33:23.190 --> 00:33:24.660

Grant Smith: Chairman rosters grants man.

401

00:33:24.720 --> 00:33:25.350

i'd like to get.

402

00:33:26.610 --> 00:33:27.600

Grant Smith: A good morning everybody.

403

00:33:29.550 --> 00:33:41.520

Grant Smith: How can we get notice of the tax meetings and just tack allow public viewing the participation or the tech materials, because i've looked on the league's.

404

00:33:42.570 --> 00:33:48.990

Grant Smith: website and I don't see any tech materials or nothing that's labeled tak anyway, or the notice of the tech meetings.

405

00:33:50.250 --> 00:34:02.550

Mary Lou Tighe: So to answer that when this was originally and by the original mo you that lead with staff, the working group in the county was staffing on the attack.

406

00:34:03.900 --> 00:34:07.320

Mary Lou Tighe: It and it's kind of more differently, now that we're doing.

407

00:34:09.180 --> 00:34:18.450

Mary Lou Tighe: joint meetings and things like that, so I don't know that they've had any necessarily material grant that we would have put on the website, but.

408

00:34:19.620 --> 00:34:22.530

Mary Lou Tighe: You know, like next week's meeting and everything else.

409

00:34:23.550 --> 00:34:26.640

Mary Lou Tighe: They are usually noticed on the county.

410

00:34:28.050 --> 00:34:31.050

Mary Lou Tighe: sunshine, from what I understand.

411

00:34:32.280 --> 00:34:35.760

Mary Lou Tighe: But we'll kind of probably be doing a joint effort on that going forward.

412

00:34:36.510 --> 00:34:38.100

Mary Lou Tighe: So the website.

413

00:34:39.240 --> 00:34:39.870

Grant Smith: Thank you.

414

00:34:40.650 --> 00:34:40.800

Greg Ross: and

415

00:34:41.700 --> 00:34:49.500

Beam Furr: Let me just say grant if he's if he's not finding those materials call me and i'll try to make sure we get them to.

416

00:34:50.220 --> 00:35:08.760

Grant Smith: yeah, Commissioner, I think all the materials are here that are part of the the broader working group and all the presentations and the access to the recordings but there's nothing on here from the attack, which would be a logical dovetail to this but it's just not.

417

00:35:09.450 --> 00:35:19.350

Mary Lou Tighe: Okay, and I think most of this stuff as as you've said grant that has been talked about attack has then been talked about when they've presented their recommendations to.

418

00:35:20.490 --> 00:35:27.600

Mary Lou Tighe: The working group, but I understand what you're saying, and you know we'll try and double time on that make sure it's all there.

419

00:35:28.140 --> 00:35:29.820

Greg Ross: So good point well taken Thank you.

420

00:35:31.440 --> 00:35:32.040

Greg Ross: Kevin.

421

00:35:34.080 --> 00:35:51.330

SWRS: And we also keep a special interest group email lists so Mr Smith wants to add is need today you just listen to our attention to the guys intention and make sure that they get the movie send out emails regarding those meetings, as well as evenings.

422

00:35:52.080 --> 00:35:52.440

Okay.

423

00:35:53.640 --> 00:35:54.840

Grant Smith: Who would get that email.

424

00:35:57.240 --> 00:36:03.300

SWRS: You can send it to and Natasha Austin and austin.org or.

425

00:36:03.600 --> 00:36:05.550

Beam Furr: Kevin can you put that in the chat so they can see.

426

00:36:07.860 --> 00:36:08.700

SWRS: You telling my.

427

00:36:08.760 --> 00:36:09.570

SWRS: peers yeah now.

428

00:36:10.050 --> 00:36:10.470

SWRS: I will say.

429

00:36:12.720 --> 00:36:21.240

Grant Smith: And Kevin i'm sorry one more question what What should we be asking her specifically so I don't get notices about you know other meetings and things that i'm not interested in.

430

00:36:22.800 --> 00:36:29.880

SWRS: Well, not knowing what you're interested in what we're going to look at these two will give you notices to these meetings, as well as to the techniques.

431

00:36:30.330 --> 00:36:31.290

Grant Smith: Perfect Thank you.

432

00:36:33.030 --> 00:36:35.250

Greg Ross: Alright i've got Lucy yeah Luciana.

433

00:36:36.510 --> 00:36:39.090

Luciano Isla: morning Mr Mayor morning members of the committee.

434

00:36:40.260 --> 00:36:48.030

Luciano Isla: Seattle eastleigh general counsel for the Florida always falls on recyclers Council, your Environment through the beta Mr Chairman, we submitted.

435

436

00:37:00.540 --> 00:37:08.760

Luciano Isla: about the ability of broward approved facilities for disposal and they're not being considered importantly amnesty indicated in the exhibit.

437

00:37:09.360 --> 00:37:16.200

Luciano Isla: I will now turn it over to miss with the beta and, at the end of the presentation, if I may ask.

438

00:37:16.770 --> 00:37:29.790

Luciano Isla: At the last meeting commissioner for indicated that he was going to look into the wheel greater tonnage and the delays that will have greater so for now, if I may turn it over to miss a beat up for yourself, especially.

439

00:37:32.250 --> 00:37:45.120

Louis DiVita: Thank you Luciano Louis the beautiful Florida waste dollars and recycle was cool issue, considering the language in the complete second amendment sign July 2 2018 extending the agreement of.

440

00:37:45.360 --> 00:37:58.230

Louis DiVita: July 2 2023 Why were the key references encouraging the recycling of yard waste bulk and sandy excluded in the second amendment presented to the municipalities.

441

00:37:58.980 --> 00:38:07.560

Louis DiVita: When will the solid waste working group recognize the original language in the second amendment which directs the yard waste bulk and sandy to be recycled.

442

00:38:08.310 --> 00:38:18.120

Louis DiVita: When will the solid waste working group live up to the solid waste mission statement include the recycling and the yard waste vulcan CND instead of solid waste management plan.

443

00:38:18.720 --> 00:38:23.100

Louis DiVita: and efficiently advise the municipalities of the recycling alternatives.

444

00:38:23.520 --> 00:38:42.060

Louis DiVita: Instead of encouraging the inclusion of these materials to we'll have greater once the municipalities are aware of their alternatives, the congestion we'll a breaker and the additional costs and municipalities will incur for the transportation, the overage will be eliminated, thank you.

445

00:38:43.110 --> 00:38:47.520

Greg Ross: Thank you very much, and you would just within the time limit Louis I appreciate the comments.

446

00:38:47.790 --> 00:38:48.780

Greg Ross: Greg um.

447

00:38:48.840 --> 00:38:54.780

Beam Furr: Can I ask a question here, I did not see that letter that came from from them.

448

00:38:55.800 --> 00:38:59.160

Greg Ross: posted Commissioner it'll be on the website, but we will post it.

449

00:38:59.460 --> 00:39:02.640

Beam Furr: Okay, because I think those are very valid questions.

450

00:39:03.870 --> 00:39:05.880

Greg Ross: And they may be valid questions.

451

00:39:06.480 --> 00:39:08.160

Greg Ross: But i'm just like you're.

452

00:39:08.970 --> 00:39:10.590

Greg Ross: Just one venue that's all.

453

00:39:10.620 --> 00:39:14.190

Beam Furr: Oh, I agree, but I, but I think they deserve an answer.

454

00:39:14.670 --> 00:39:17.430

Greg Ross: No, I hear you stephanie joking.

455

00:39:19.650 --> 00:39:25.410

Stephanie Jofe: Maybe be the same question but I thought at the last meeting, it was agreed that we would.

456

00:39:26.880 --> 00:39:32.190

Stephanie Jofe: evaluate the yard waste and the organic waste.

457

00:39:34.110 --> 00:39:36.750

Stephanie Jofe: As part of this proposal as part of the dmv.

458

00:39:38.820 --> 00:39:40.560

Greg Ross: I appreciate it, we have.

459

00:39:42.000 --> 00:39:45.600

Greg Ross: Any other comments at this time.

460

00:39:46.140 --> 00:39:47.640

Stephanie Jofe: When Am I gonna get an answer right.

461

00:39:47.940 --> 00:39:49.020

Greg Ross: yeah and.

462

00:39:49.440 --> 00:39:53.790

Greg Ross: The answer would be no not that i'm aware of it was kept the way that it was.

463

00:39:54.210 --> 00:39:56.040

Greg Ross: Oh no, but I have.

464

00:39:56.640 --> 00:40:05.850

Beam Furr: Great yeah I think her I think her quote to her question was having to do with with whether or not organics will be part of the recycling, am I right stephanie.

465

00:40:06.990 --> 00:40:07.800

Stephanie Jofe: yeah whether that's.

466

00:40:09.330 --> 00:40:10.140

Greg Ross: not understand.

467

00:40:11.160 --> 00:40:12.480

Stephanie Jofe: That will be collecting.

468

00:40:12.720 --> 00:40:27.900

Beam Furr: Right and that, and you know my understanding is that when the waist composition study is looked at it will be part of it, because there'll be looking at all, all those things arcade is looked at it when in their study as well, so those are the kind of things yeah, we need to look at it.

469

00:40:30.420 --> 00:40:30.780

Beam Furr: and

470

00:40:31.440 --> 00:40:31.800

Stephanie Jofe: buy it.

471

00:40:32.100 --> 00:40:34.500

Beam Furr: My understanding is that we will be so.

472

00:40:35.340 --> 00:40:37.830

Stephanie Jofe: How can we make sure that it will be included at the end.

473

00:40:38.520 --> 00:40:40.080
