66

00:07:54.270 --> 00:08:05.970

Greg Ross: Alright, and let's move on to the mission statement, if you will, gave everyone a little homework first time we did that I do and and I myself did the same thing.

67

00:08:06.780 --> 00:08:23.070

Greg Ross: I like to keep things general but I don't think it's all inclusive so i'd like to see what everyone has and and we're going to try and cobble together, if you will, one solid waste mission statement.

68

00:08:24.300 --> 00:08:25.830

Greg Ross: Anyone want to go first.

69

00:08:26.970 --> 00:08:30.240

Michael Ryan: to chair said, you know you this is my grind since you.

70

00:08:32.940 --> 00:08:46.590

Michael Ryan: graciously assigned me homework, as we did everyone else and made it clear that it was my time as a Member of this group to step up after all the other homework assignments you and others and receive I didn't do that and.

71

00:08:47.880 --> 00:08:57.180

Michael Ryan: drafted something incentive Jamie today of our meeting Jamie has revised it in a way that I really liked taking a lot of the points raised and putting it.

72

00:08:57.630 --> 00:09:05.820

Michael Ryan: In a format that looks really good if if you're Okay, just to start the discussion would you would you, Mr chair allow Jamie to share screen.

73

00:09:06.210 --> 00:09:06.960

Michael Ryan: To show what.

74

00:09:07.110 --> 00:09:15.420

Michael Ryan: He has drafted and then we can go from there i'm not trying to be presumptuous to suggest this is the way to go, but we already had one it's been worked on a little bit.

75

00:09:15.810 --> 00:09:34.410

Greg Ross: So absolutely and I appreciate the effort, I really do Jamie or mirror lewd Oh, he can share the screen wonderful look at that, as a whole lot of mission statement more than I wrote i'll tell you that, but let's let's take a moment and and read it to ourselves.

76

00:10:19.440 --> 00:10:20.010

Beam Furr: Job like.

77

00:10:21.360 --> 00:10:27.300

78

00:10:27.360 --> 00:10:27.630

Beam Furr: Might.

79

00:10:27.810 --> 00:10:28.980

Greg Ross: be a great job.

80

00:10:30.240 --> 00:10:38.430

Michael Ryan: But, in fairness, you know I had some of the broad principles in there Jamie put this in a format that I think is obviously much better and also address some of the name issues.

81

00:10:38.730 --> 00:10:46.170

Michael Ryan: addressed to address the hauling of solid waste, but I have failed to do and then enumerated in a through D.

82

00:10:46.620 --> 00:10:52.170

Michael Ryan: In a way, that I think I think one of the goals right was to be able to use this as a North star for.

83

00:10:52.890 --> 00:11:04.110

Michael Ryan: Future boards right and I, like the way Jamie put this together, the general concepts of sustainability resilience transparency, efficiency long term.

84

00:11:04.500 --> 00:11:14.070

Michael Ryan: You know where things that we all discussed i'm sure there's more to be added here, but I really want to thank Jamie for taking the extra time to improve significantly what I had.

85

00:11:15.360 --> 00:11:23.790

Greg Ross: And I will say the same thing, I appreciate the effort it really does show that sometimes homework goes work.

Jamie Cole: You miss bar what is what is brass broward.

150

00:16:27.990 --> 00:16:30.900

Beam Furr: broward recovery and sanitation services.

151

00:16:33.090 --> 00:16:35.430

Becky Tooley: You I think you need to take the broyles off.

152

00:16:40.650 --> 00:16:41.220

Beam Furr: We can't do.

153

00:16:42.030 --> 00:16:44.550

Beam Furr: That would be an easy one just broward recycling authority.

154

00:16:45.030 --> 00:16:47.490

Becky Tooley: I think you're gonna get some feedback on that.

155

00:16:51.360 --> 00:16:53.340

Greg Ross: I can't disagree i'm.

156

00:16:54.720 --> 00:16:59.640

Beam Furr: All about broward authority for recycling as bar that's easy.

157

00:17:04.860 --> 00:17:06.360

Beam Furr: Oh borrow forget about them.

158

00:17:06.630 --> 00:17:07.110

Right.

159

00:17:10.380 --> 00:17:15.210

Greg Ross: Recycling and then you have bards that wasn't down yeah.

160

00:17:16.290 --> 00:17:17.190

Jamie Cole: What was that one.

161

00:17:18.360 --> 00:17:20.430

Greg Ross: yeah borrow and baris.

162

00:17:20.610 --> 00:17:22.140

Beam Furr: I see this huge zeros on.

163

00:17:24.870 --> 00:17:27.780

Greg Ross: broward authority for what broward.

164

00:17:28.020 --> 00:17:31.140
Beam Furr: authority for recycling recycling and recovery.

165
00:17:31.710 --> 00:17:32.490
Beam Furr: entities.

166
00:17:32.940 --> 00:17:35.640
Greg Ross: bars up with an e on the end yeah.

167
00:17:36.510 --> 00:17:40.650
Beam Furr: For those broward authority for recycling and garbage enterprises.

168
00:17:41.010 --> 00:17:41.550
Greg Ross: There you go.

169
00:17:43.290 --> 00:17:44.790
Greg Ross: But then they may think it's an enterprise.

170
00:17:44.790 --> 00:17:47.040
Beam Furr: fun entity, you can do entity.

171
00:17:47.790 --> 00:17:48.120
Right.

172
00:17:54.960 --> 00:17:55.290
Greg Ross: You know.

173
00:17:56.010 --> 00:17:58.830
Beam Furr: I hadn't thought of the zero waste Sabrina just put that in there.

174
00:18:00.360 --> 00:18:01.080
Beam Furr: or.

175
00:18:05.160 --> 00:18:08.520
Beam Furr: there's a lot of there's a lot of words that can be can be kind of brought in.

176
00:18:09.120 --> 00:18:10.350
Greg Ross: The world well and.

177

00:18:10.410 --> 00:18:15.690

Greg Ross: And do you need so many words to be brought in, he can't he can't have everything.

178

00:18:16.320 --> 00:18:19.680

Beam Furr: i'm just saying I feel to be able to make a word to be able to make an acronym.

179

00:18:20.190 --> 00:18:35.040

Beam Furr: right word the words I have that could be used for public coalition recycling disposal solid waste service authority enterprises municipal city county utility garbage sanitation and zero.

180

00:18:36.150 --> 00:18:39.390

Beam Furr: So if you make a good one out of that that's somewhere out there.

181

00:18:41.520 --> 00:18:44.730

Beam Furr: This could be another homework assignment, I know I I failed at it.

182

00:18:45.330 --> 00:18:46.020

Greg Ross: No, you didn't.

183

00:18:46.050 --> 00:18:48.000

Greg Ross: You didn't fail like you gave a.

184

00:18:48.030 --> 00:18:49.020

Greg Ross: food for thought.

185

00:18:49.110 --> 00:18:49.890

Beam Furr: I give you food.

186

00:18:50.460 --> 00:18:58.770

Mary Lou Tighe: So just just so you know i'm vice mayor mayor's and Commissioner, how well you're gonna have their hands raised.

187

00:18:59.100 --> 00:19:00.510

Greg Ross: Our Ghana.

188

00:19:06.630 --> 00:19:07.920

Greg Ross: you're muted, Commissioner.

189

00:19:12.870 --> 00:19:16.470

Greg Ross: All right, we'll move on to our medicine.

190

00:19:17.640 --> 00:19:22.530

Bob Mayersohn: yeah the just going back to the mission statement for one second.

191

00:19:22.650 --> 00:19:23.190

you're.

192

00:19:24.360 --> 00:19:24.540

Greg Ross: The.

193

00:19:25.320 --> 00:19:34.110

Bob Mayersohn: third line where it says, safety and welfare, I would my thought would be just to add in of the residents of broward county.

194

00:19:37.560 --> 00:19:38.670

Greg Ross: I have no problem with that.

195

00:19:39.030 --> 00:19:43.830

Michael Ryan: I don't know that this is Mike Ryan, I think it's a interesting point there may be some legal reasons to do it.

196

00:19:44.850 --> 00:19:54.120

Michael Ryan: I don't know that it's necessary in light of the fact that we're looking at regionalisation and I am a little concerned that it made say we're a bit too focused on broward county residents.

197

00:19:54.810 --> 00:20:05.910

Michael Ryan: And, of course, would be the businesses as well and visitors, so I don't unless there's a legal reason I don't know i'm afraid, it could be interpreted later as being a little too.

198

00:20:07.500 --> 00:20:08.100

Bob Mayersohn: descriptive.

199

00:20:09.420 --> 00:20:13.980

Greg Ross: And we have broward county is the first two words of the mission statement already.

200

00:20:15.900 --> 00:20:17.040
Beam Furr: I think it covers above.

201
00:20:17.610 --> 00:20:18.180
Greg Ross: yeah I do.

202
00:20:18.360 --> 00:20:18.960
Bob Mayersohn: I think okay.

203
00:20:19.050 --> 00:20:19.710
Beam Furr: where's my cover.

204
00:20:19.890 --> 00:20:20.610
Bob Mayersohn: But let's talk.

205
00:20:21.570 --> 00:20:30.450
Bob Mayersohn: Like I said to me just reading it it's it's something but input, you know the legal aspect of it is different than the readability.

206
00:20:35.760 --> 00:20:40.710
Bob Mayersohn: When you say working together to protect the long term, public health, safety and welfare of whom.

207
00:20:41.730 --> 00:20:44.400
Michael Ryan: Of the nation of the world, I think Sabrina.

208
00:20:44.580 --> 00:20:48.000
Bob Mayersohn: Okay, I mean I just like I said something that would just tie that in.

209
00:20:50.070 --> 00:20:51.960
Greg Ross: welfare of all concerned.

210
00:20:57.450 --> 00:21:00.090
Greg Ross: And that way we're open to the regionalisation.

211
00:21:03.060 --> 00:21:12.090
Michael Ryan: I don't know I mean, I think we see you oftentimes in our ordinances and otherwise, where we have these general statements of public health, safety and welfare and we don't like guard.

212

00:21:13.260 --> 00:21:21.420

Michael Ryan: guard rails on as to what we mean we leave maximum flexibility to the commission's Councils, they may perceive their.

213

00:21:22.500 --> 00:21:28.110

Michael Ryan: Their mission outside of the scope of their own residence and on some occasions, so I.

214

00:21:29.040 --> 00:21:43.410

Michael Ryan: Think it's something for discussion, we can certainly read line into to see if it's necessary I personally don't feel unless Jamie or the lawyer, say, it would be helpful for some reason to legally have it, I don't I think they could be misused later by others.

215

00:21:44.610 --> 00:21:44.790

Jamie Cole: Oh.

216

00:21:45.540 --> 00:21:46.350

Bob Mayersohn: She started.

217

00:21:47.070 --> 00:21:53.970

Bob Mayersohn: My only suggestion that unless you started out where it says to protect the long term, public health, safety and welfare.

218

00:21:54.390 --> 00:22:04.230

Bob Mayersohn: broward county and municipalities, who, according to the local brave and commit to working together collaboratively through the creation of the broward solid waste authority or whatever we want to call.

219

00:22:07.020 --> 00:22:09.210

Michael Ryan: That would make up I know JESSICA that.

220

00:22:11.880 --> 00:22:14.460

Greg Ross: yeah you're using the same words is putting them in different.

221

00:22:14.460 --> 00:22:19.410

Bob Mayersohn: Right you're just putting in different to position them where it just makes readability.

222

00:22:21.360 --> 00:22:22.050

Greg Ross: I have no problem.

223

00:22:25.080 --> 00:22:37.410

Greg Ross: I think if we can include the word innovative when we are talking about the sustainability, transparent, etc, I think, innovative would be.

224

00:22:40.740 --> 00:22:42.180

Greg Ross: Properly placed in there.

225

00:22:49.980 --> 00:22:51.390

Mary Lou Tighe: mayor Julie has her hand raised.

226

00:22:51.810 --> 00:22:52.830

Greg Ross: Yes, mayor truly.

227

00:22:53.490 --> 00:22:55.230

Becky Tooley: Actually i'm going back to.

228

00:22:56.850 --> 00:23:01.680

Becky Tooley: The i'm going to go to bars for our authority of recycling and solid waste.

229

00:23:08.700 --> 00:23:09.900

Greg Ross: Give me that one again.

230

00:23:11.100 --> 00:23:12.270

Becky Tooley: broward authority.

231

00:23:12.300 --> 00:23:17.730

Becky Tooley: of recycling and solid waste bars just add it s to it.

232

00:23:27.420 --> 00:23:27.720

Greg Ross: Okay.

233

00:23:31.950 --> 00:23:34.110

Greg Ross: Do we all agree, we should get rid of broads.

234

00:23:35.250 --> 00:23:36.510

Becky Tooley: I definitely do because.

235

00:23:37.050 --> 00:23:39.540

Sely Cochrane: that's missing an asset supposed to be bras.

236

00:23:39.600 --> 00:23:40.680

Beam Furr: it's supposed to be breast.

237

00:23:40.890 --> 00:23:44.100

Greg Ross: Ah i'll keep brass.

238

00:23:47.310 --> 00:23:48.210

Greg Ross: Okay.

239

00:23:49.890 --> 00:23:52.020

Beam Furr: Now I got it Thank you got it.

240

00:23:54.990 --> 00:23:55.590

Greg Ross: Okay.

241

00:23:57.120 --> 00:24:10.740

Greg Ross: All right, well let's focus on one thing at a time let's go back to the mission statement which was for the agenda, if you will, but it was fortuitous that we spoke about the an acronym if you will.

242

00:24:12.120 --> 00:24:16.410

Greg Ross: But let's let's go back to the statement and is there anything.

243

00:24:17.580 --> 00:24:30.240

Greg Ross: That you want to include that hasn't been and I gotta say very nice job on both parts Mike and Jamie or vice versa, that you think shouldn't be and I know that we discussed.

244

00:24:30.810 --> 00:24:46.800

Greg Ross: The last time that the hauling should be included in the statement to that people are very clear as to what we do and what I guess we don't do i'm reading it and i'm not real sure that it should be there.

245

00:24:48.180 --> 00:24:51.900

Greg Ross: i'm one of these if it's not there, then we don't do it.

246

00:24:52.770 --> 00:24:54.720

Sabrina Javellana: But I was part of.

247

00:24:54.990 --> 00:24:55.950

Greg Ross: The last sentence.

248

00:24:56.010 --> 00:24:56.940

The last sentence.

249

00:24:59.730 --> 00:25:00.150

Greg Ross: You know.

250

00:25:01.770 --> 00:25:05.850

Greg Ross: And again, I just like to know what everyone feels about that one.

251

00:25:09.120 --> 00:25:11.550

Greg Ross: I guess it's not terrible with the whole industry.

252

00:25:12.030 --> 00:25:17.850

Beam Furr: I kind of agree with you Greg because it's not this isn't your though it's a negative to your mission state.

253

00:25:17.910 --> 00:25:22.710

Greg Ross: Exactly and to me you don't include negative in mission statement yeah.

254

00:25:24.150 --> 00:25:25.140

Beam Furr: You don't say what you're not.

255

00:25:25.770 --> 00:25:27.300

Greg Ross: You could say we're limited.

256

00:25:27.330 --> 00:25:28.110

To.

257

00:25:29.760 --> 00:25:32.490

Greg Ross: But now we're splitting hairs.

258

00:25:33.030 --> 00:25:48.630

Bob Mayersohn: I would just I would I agree with you may Ross I would take it out, it just because in our in our local agreement and states in probably in the bylaws it will stated yeah what we do and what we don't do I think it's superfluous just to put it in there.

259

00:25:48.900 --> 00:25:50.550

Greg Ross: whoo could you spell back.

260

00:25:50.940 --> 00:25:52.200

Greg Ross: Now okay.

261

00:25:55.620 --> 00:25:56.610

Greg Ross: Everyone else feel.

262

00:25:57.630 --> 00:26:09.570

Jamie Cole: Now, the only reason I I thought I might want to be in here is there's some cities that have hauling contracts some cities have employees who do hauling.

263

00:26:10.590 --> 00:26:29.760

Jamie Cole: That their own garbage departments and they may be threatened by this thinking that the authority is going to take over hauling and they will all lose their jobs, you may end up having unions opposing this if they think there's a chance so sometime in the future, this could take overhauling.

264

00:26:31.530 --> 00:26:39.240

Jamie Cole: So if you say it specifically that does not just hauling then it's clear that it doesn't if you just don't address it, I guess the question would then be.

265

00:26:39.750 --> 00:26:52.560

Jamie Cole: You know what happens 10 years from now, if the board decides they wanted to polling it was there, so I guess all might oppose this on the grounds that their fear is that it could address hauling that's the only reason.

266

00:26:53.370 --> 00:26:58.950

Jamie Cole: I thought we might want to have it, we also could do this, instead of a separate sentence, we could just say.

267

00:27:00.510 --> 00:27:06.240

Jamie Cole: Like here, we could just say, and will not address hauling to make it like a little bit less.

268

00:27:06.570 --> 00:27:21.990

Greg Ross: Prominent right and approach to disposing and recycling solid waste generated in broward county let or or approach limited to what about approach limited to disposing and recycling.

269

00:27:28.050 --> 00:27:29.490

Greg Ross: Right exactly right there.

270

00:27:30.180 --> 00:27:33.060

Jamie Cole: We just say only or.

271

00:27:33.660 --> 00:27:36.360

Greg Ross: You know what that's even easier than limited to.

272

00:27:38.580 --> 00:27:40.890

Michael Ryan: I don't know I don't I think we.

273

00:27:40.920 --> 00:27:44.220

Michael Ryan: Were careful that we may need in the future.

274

00:27:46.800 --> 00:27:50.400

Michael Ryan: Capacity outside of our that makes it sound like we're only.

275

00:27:50.880 --> 00:27:56.250

Michael Ryan: Focusing on them, I think that could be dangerous for our side, now that is such a didn't jump out.

276

00:27:58.560 --> 00:28:00.390

Greg Ross: And I can appreciate that.

277

00:28:02.310 --> 00:28:03.990

Greg Ross: That viewpoint, if you will.

278

00:28:06.540 --> 00:28:09.180

Greg Ross: Do we do we want to include then.

279

00:28:10.830 --> 00:28:23.580

Greg Ross: I always I don't like the negative so let's put something like the hauling aspect of this will remain within the purview of the municipal governments that's not negative.

280

00:28:25.020 --> 00:28:26.190
Greg Ross: You know that's factual.

281
00:28:29.550 --> 00:28:30.570
Jamie Cole: I think that's very good.

282
00:28:32.730 --> 00:28:33.060
know.

283
00:28:35.700 --> 00:28:37.980
Mary Lou Tighe: Mr chair matt has his hand raised.

284
00:28:38.670 --> 00:28:39.600
Greg Ross: Yes, matt.

285
00:28:40.620 --> 00:28:44.220
Matthew Haber: I think this might be an opportunity to kill a few birds one stone.

286
00:28:44.520 --> 00:28:50.010
Matthew Haber: Here so i'm not at the moment entirely sure.

287
00:28:51.480 --> 00:29:01.170
Matthew Haber: Where the mission statement will go in the final document my my thought is that it would be in a series of recitals like it incorporated as findings, a fact, but.

288
00:29:02.850 --> 00:29:15.120
Matthew Haber: What i'm really getting at here is that it is a good place to also contextualize this within the requirements of the Florida constitution, so there are.

289
00:29:15.840 --> 00:29:28.020
Matthew Haber: Two constitutional prohibitions that I know that we've been aware of that they really do not affect the way that the design and operation of this authority is intended to be structured.

290
00:29:28.410 --> 00:29:39.840
Matthew Haber: But basically, one is the dual office holding prohibition and then the other is the prohibition on the transfer of governmental powers and functions absent approval by referendum.

291
00:29:40.380 --> 00:29:49.830

Matthew Haber: So again, neither of those are really going to you know affect the way this thing works or any of the designs that have been discussed so far.

292

00:29:50.220 --> 00:30:00.240

Matthew Haber: But I think one of the things that this mission statement could do, and unfortunately it will be introducing some negatives into into the language is.

293

00:30:01.140 --> 00:30:09.720

Matthew Haber: setting out some factual findings that make it clear that this is an independent entity, so the dual office whole holding prohibition will not apply.

294

00:30:10.170 --> 00:30:24.630

Matthew Haber: And then that ultimate responsibility for some of these functions and powers are going to remain with the parties right, so they might be using this entity to coordinate and collaborate.

295

00:30:25.410 --> 00:30:35.070

Matthew Haber: But we're not actually transferring governmental powers or functions in a way that that would trigger the requirement for a referendum and that's where I think.

296

00:30:35.460 --> 00:30:48.390

Matthew Haber: The hauling of solid waste, you know it falls right into that right it's you know, this is something that really is a for sure you know, a power and a function that is staying with each party.

297

00:30:51.510 --> 00:31:00.240

Greg Ross: matt I think that was well said but i'm not sure honestly that i'm following the intent of what was that.

298

00:31:01.260 --> 00:31:02.640

Matthew Haber: Okay, so.

299

00:31:03.870 --> 00:31:09.660

Matthew Haber: there's there's two things right um you know one is the.

300

00:31:10.770 --> 00:31:19.290

Matthew Haber: Constitutional prohibition and office holding the second is the requirement that there's a referendum if we're transferring.

301

00:31:20.490 --> 00:31:23.220

Matthew Haber: You know ultimate powers or functions.

302

00:31:24.570 --> 00:31:35.940

Matthew Haber: And so what my intent would be here to strengthen the inner local the analytical Vernon if it ever comes up for review before a court.

303

00:31:36.480 --> 00:31:51.660

Matthew Haber: is to set out a series of factual findings which are unlikely to be disturbed by by a court which says, you know, for all these reasons, this is an independent entity right and that tells us that the dual office holding probation doesn't apply.

304

00:31:52.170 --> 00:31:52.650

Matthew Haber: are going.

305

00:31:52.830 --> 00:31:54.780

Greg Ross: To hold hold hold that thought for a moment.

306

00:31:54.870 --> 00:31:55.590

Greg Ross: Stop right there.

307

00:31:56.160 --> 00:31:57.720

Greg Ross: isn't it no no.

308

00:31:59.160 --> 00:32:05.460

Greg Ross: And the question I have is is that included in a mission statement.

309

00:32:06.210 --> 00:32:14.640

Matthew Haber: It might not be but that that's kind of one of the reasons I bring it up here, so the other part of this is we're talking about.

310

00:32:15.090 --> 00:32:28.170

Matthew Haber: Whether or not powers and functions are being transferred and to me that is more of a factual finding than a mission statement, but we are talking about the hauling of solid waste, which is a municipal power.

311

00:32:29.490 --> 00:32:34.050

Matthew Haber: municipalities have authority over over hauling.

312

00:32:35.880 --> 00:32:44.670

Matthew Haber: And so you know, to the extent that we're not transferring any of these authorities or any of these functions, but instead using this as a.

313

00:32:45.150 --> 00:33:04.110

Matthew Haber: This entity as a forum through to to coordinate those powers and functions, I do think it will make this document more defensible if if those factual findings get placed someplace in the document and this hauling of solid waste, you know whether or not the entity is touching it.

314

00:33:05.160 --> 00:33:14.640

Matthew Haber: To me seems to be part of that conversation, and whether it's placing the mission statement or in a separate section it doesn't really matter to me, but I did think that.

315

00:33:15.270 --> 00:33:24.360

Matthew Haber: You know, since we were talking about this, which is clearly I mean a simple power that it might be a good time to.

316

00:33:24.660 --> 00:33:38.280

Matthew Haber: broach whether those should be contextualize when the mission statement or in a separate set of recitals or in a background section or a factual finding section, but those are all things that are going to you know that ought to be included in the final document.

317

00:33:39.000 --> 00:33:42.120

Greg Ross: And, and I don't dispute they ought to be somewhere in that final.

318

00:33:42.120 --> 00:33:45.570

Greg Ross: document I guess My question then is.

319

00:33:46.740 --> 00:33:51.480

Greg Ross: Where and and i'll just leave it at that and and I recognize Mike Ryan.

320

00:33:54.480 --> 00:33:58.890

Michael Ryan: Thank you, I think what not, I think, brings up is a.

321

00:34:00.000 --> 00:34:07.260

Michael Ryan: extraordinarily rewarding I do think there's gonna have to be a series of whereas pauses including reserving the rights that are not.

322

00:34:07.590 --> 00:34:13.830

Michael Ryan: consumed in here, and maybe setting up those parameters and i've heard in order to do that as a result, I would say that I don't.

323

00:34:14.430 --> 00:34:27.390

Michael Ryan: Exactly necessarily going there and would have a specific part of the agreement, reserving for instance falling solid waste, I see no reason to be included in the mission statement or and torture ourselves over trying to make that clear.

324

00:34:28.530 --> 00:34:32.190

Michael Ryan: Because I think it'll be a bunch of other whereas these include include.

325

00:34:33.600 --> 00:34:50.970

Michael Ryan: To to bob's earlier point there could be savings in their own priorities for broward county residents and y'all could flush it out in a series of whereas clauses to stem off any tech, you know killer challenges, later on, as as well as sending out.

326

00:34:52.590 --> 00:35:02.130

Michael Ryan: or flushing out and we're finding the print broad principles at the mission statements close to be otherwise we end up with the mission statement be a multi page document trying to get all.

327

00:35:03.540 --> 00:35:06.930

Greg Ross: Right and and that's one thing I think we're all trying to avoid and.

328

00:35:07.950 --> 00:35:13.140

Greg Ross: And, and in relation to that and yeah I do believe that the Holland could be can.

329

00:35:14.610 --> 00:35:31.650

Greg Ross: contained in the whereas clauses, but it was mentioned before, and I i'm not going to let it go until we address it, and that and I forget who it was and I apologize, but someone had said zero waste has not been included in the mission statement.

330

00:35:32.760 --> 00:35:35.700

Greg Ross: Can you identify yourself as to who said that.

331

00:35:36.930 --> 00:35:37.440

Beam Furr: Sabrina.

332

00:35:37.980 --> 00:35:43.800

Greg Ross: Sabrina, then, can you identify what and how you would rectify the mission statement.

333

00:35:45.780 --> 00:35:46.770

Sabrina Javellana: Sorry, can you guys hear me.

334

00:35:47.160 --> 00:35:47.550

Yes.

335

00:35:48.570 --> 00:36:00.720

Sabrina Javellana: as well, because I mean like part of our goal is to reach like recycling goals and we can reach that with reaching zero waste and also for the environment, so I know you can have a.

336

00:36:01.140 --> 00:36:10.380

Sabrina Javellana: We can say we have a long stop sorry, can you hear me sorry i'm at a ribbon cutting we have a long standing broward county has a long standing commitment to.

337

00:36:11.070 --> 00:36:19.650

Sabrina Javellana: Reducing and, ultimately, eliminating or diverting the waste that goes into landfills, resulting in zero waste, I mean something like that.

338

00:36:20.370 --> 00:36:30.450

Sabrina Javellana: But I just think like a goal of reaching zero waste is important, which I don't know if it goes in the mission statement, maybe it goes somewhere else, but if you want to talk about zero waste.

339

00:36:31.560 --> 00:36:37.770

Greg Ross: And and and that's fair I I tend to believe it could go into whereas but i'd like.

340

00:36:39.390 --> 00:36:40.830

Second, I got Bob morrison.

341

00:36:42.660 --> 00:37:00.480

Bob Mayersohn: yeah i'm just looking at this again mission statements are very broad and and short um I think when you get down to where it says the be be swa willing will, and you have your ABC and D.

342

00:37:00.960 --> 00:37:10.020

Bob Mayersohn: I think that's better served and whether it's in a in goals or served in a vision type of statement or vision.

343

00:37:11.280 --> 00:37:21.300

Bob Mayersohn: Opportunities otherwise we're getting into what we didn't include this we didn't include that we didn't mix that you know even to the point that matt was talking about some of the things that.

344

00:37:21.780 --> 00:37:27.390

Bob Mayersohn: You know, talking about putting in whereas calls Those are all goals that might just be a list.

345

00:37:28.050 --> 00:37:44.370

Bob Mayersohn: You know the ABC and D, you know where one of our goals is to encourage recycling and reuse divert solid waste from landfills support you know regional solutions, those are goals I don't know necessarily if that is part of a mission state so that's my two cents.

346

00:37:44.910 --> 00:37:49.830

Greg Ross: And and and the zero waste will be included in that, because that is an absolute goal.

347

00:37:50.190 --> 00:37:50.460

Right.

348

00:37:51.930 --> 00:37:53.130

Greg Ross: All right, my crime.

349

00:37:55.740 --> 00:38:05.940

Michael Ryan: yeah you like to have a Bob is for his comments I think that's well taken I will burn lawyers on whether that second sentence even needed.

350

00:38:06.600 --> 00:38:14.670

Michael Ryan: Certainly, the first sentence sets out if Bob says, you know the broad goals and then we can add a bunch of whereas, including you know.

351

00:38:15.330 --> 00:38:30.330

Michael Ryan: Putting a little bit more refinement even on the goals write their goals doesn't mean that there needs to be achieved in the next 12 months right they represent a longer term vision, so i'm i'm.

352

00:38:31.410 --> 00:38:39.840

Michael Ryan: You know, some to like you know, not in the waters and Jamie I think that's a good idea, Bob and I I would be okay with moving out of a mission statement.

353

00:38:41.040 --> 00:38:44.220

Michael Ryan: and putting them into whereas is better fun.

354

00:38:45.330 --> 00:38:46.140

Greg Ross: And, and I.

355

00:38:46.920 --> 00:38:48.330
Greg Ross: I agree i'm sorry Bob.

356

00:38:48.720 --> 00:38:52.290
Bob Mayersohn: You know aren't Mike are we gonna include one of the goals that the county's paying for everything.

357

00:38:53.370 --> 00:39:00.690
Michael Ryan: Yes, I was waiting to we were close to the final vote on it and then add a third year later man and by Russia for.

358

00:39:02.490 --> 00:39:04.260
Greg Ross: The Georgia Convention if our.

359

00:39:08.130 --> 00:39:08.550
Greg Ross: What.

360

00:39:10.110 --> 00:39:15.600
Greg Ross: And if you can Jamie on the goals if you include zero waste.

361

00:39:20.160 --> 00:39:29.040
Jamie Cole: i'm looking at a is encouraging recycling and reuse diverting takeaways from lentils, I think that is the same concept, so I think it's just a matter of putting the words.

362

00:39:29.100 --> 00:39:30.300
Greg Ross: yeah it's a buzzword.

363

00:39:30.840 --> 00:39:33.660
Jamie Cole: ultimately reach zero waste.

364

00:39:34.500 --> 00:39:37.140
Jamie Cole: Buying like that yeah.

365

00:39:37.200 --> 00:39:37.620
Greg Ross: Thank you.

366

00:39:39.810 --> 00:39:53.340
Greg Ross: Okay, I mean now when you look at a mission statement that's about as succinct as you can get and candidly as broad as you would want.

367

00:39:56.040 --> 00:40:02.460

Greg Ross: But let's let's go over it one more time let's read it silently to yourself, see if you would change anything.

368

00:40:28.470 --> 00:40:34.260

Greg Ross: Actually, I would only add a comma to the last sentence after the word approach.

369

00:40:41.850 --> 00:40:42.240

Jamie Cole: yeah.

370

00:40:46.380 --> 00:40:46.890

Greg Ross: Very good.

371

00:40:48.900 --> 00:40:53.490

Greg Ross: How does everyone feel about this mission statement as it reads now.

372

00:40:57.480 --> 00:41:15.030

Bob Mayersohn: Just to kind of comment protect the long term, public health, safety and welfare broward county and the municipalities comma we're parties to this in a local agreement comma commit to working together collaboratively through the creation of the broward solve the waste authority.

373

00:41:15.420 --> 00:41:16.950

Greg Ross: yeah no that's true.

374

00:41:20.970 --> 00:41:22.560

Bob Mayersohn: And i'm usually not an area.

375

00:41:25.050 --> 00:41:26.400

Greg Ross: or a communitarian.

376

00:41:27.300 --> 00:41:32.250

Jamie Cole: i'm generally an Anti comma person that i'm totally willing to add all these comments.

377

00:41:32.910 --> 00:41:36.360

Greg Ross: hey, thank you for going along with it Steve.

378

00:41:36.960 --> 00:41:39.540

Steven Glassman: I don't think that comma works after approach.

379

00:41:42.840 --> 00:41:43.170

Greg Ross: Okay.

380

00:41:44.340 --> 00:41:50.400

Steven Glassman: Because you're it's an act of my as an economically efficient plan and approach to disposing.

381

00:41:52.020 --> 00:41:53.610

Steven Glassman: You can pause there.

382

00:41:54.120 --> 00:41:56.430

Greg Ross: And no, you know what.

383

00:41:58.620 --> 00:42:00.390

Greg Ross: I think you might be right, let me.

384

00:42:00.870 --> 00:42:07.110

Steven Glassman: You can't pause there it's it's it's it's an approach to disposing and recycling.

385

00:42:11.340 --> 00:42:11.730

Greg Ross: yeah.

386

00:42:13.590 --> 00:42:15.180

Jamie Cole: I think it is better without that.

387

00:42:15.210 --> 00:42:17.850

Greg Ross: Calm yeah I was gonna say and i'm sure Jamie will agree with you.

388

00:42:17.850 --> 00:42:20.820

Greg Ross: So i'm I fight you on it, I.

389

00:42:22.170 --> 00:42:26.490

Greg Ross: I i'm i'm not Edwin Newman, if you're old enough to know who, that is.

390

00:42:27.060 --> 00:42:28.320

Steven Glassman: Yes, I am.

391

00:42:29.430 --> 00:42:37.500

Greg Ross: Okay, that that's fine is is everyone in agreement and i'd like to go through, if you will, the.

392

00:42:39.390 --> 00:42:40.260

Greg Ross: Members.

393

00:42:42.270 --> 00:42:43.740

Greg Ross: May Ryan, are you good with it.

394

00:42:51.060 --> 00:42:51.810

Mary Lou Tighe: Mr chair.

395

00:42:52.320 --> 00:42:56.250

Mary Lou Tighe: Yes, might you want a motion and a second, and then a roll call on it.

396

00:42:57.450 --> 00:43:03.720

Greg Ross: yeah I was gonna do by consensus, but all the better do I have a motion to approve the mission statement as written.

397

00:43:04.290 --> 00:43:05.760

Michael Ryan: ocean by like Ryan.

398

00:43:06.870 --> 00:43:08.370

Greg Ross: And second bike.

399

00:43:08.910 --> 00:43:10.170

Greg Ross: mommy is you know merrison.

400

00:43:12.870 --> 00:43:14.940

Greg Ross: Any other further discussion on this.

401

00:43:16.770 --> 00:43:20.700

Beam Furr: i'll just say I think it's really good i'm still wondering about the name as.

402

00:43:21.570 --> 00:43:31.620

Greg Ross: Well, that the name the way it's written I agree we're approving it, but the name is still subject to change i've got permission to have ilana was your hand raised.

403

00:43:32.580 --> 00:43:41.400

Sabrina Javellana: I know I was gonna ask the same question has been, and so this is the mission statement but we're still going to have goals and we're closes or we're just approving the mission statement right now.

404

00:43:41.670 --> 00:43:43.500

Greg Ross: Yes, the mission statement right now.

405

00:43:44.130 --> 00:43:45.030

Sabrina Javellana: Okay that's fine.

406

00:43:45.990 --> 00:43:50.580

Greg Ross: And yeah and and thank you Jamie for clearing the name I appreciate that.

407

00:43:51.330 --> 00:43:51.690

Oh.

408

00:43:52.800 --> 00:43:56.370

Greg Ross: Okay, can I go ahead and have a roll call Mary Lou.

409

00:43:58.830 --> 00:44:00.270

Mary Lou Tighe: mayor chair us.

410

00:44:00.600 --> 00:44:01.170

Yes.

411

00:44:02.400 --> 00:44:03.300

Mary Lou Tighe: Nice chair for.

412

00:44:04.320 --> 00:44:04.680

Beam Furr: Yes.

413

00:44:05.100 --> 00:44:05.910

Mary Lou Tighe: mayor Julie.

414

00:44:06.510 --> 00:44:07.080

Yes.

415

00:44:08.340 --> 00:44:09.450

Mary Lou Tighe: Commissioner glassman.

416

00:44:09.960 --> 00:44:10.530

Yes.

417

00:44:11.760 --> 00:44:12.630

Mary Lou Tighe: mayor Ryan.

418

00:44:12.990 --> 00:44:18.360

Mary Lou Tighe: Yes, vice mayor mayor yeah Commissioner have a piano.

419

00:44:18.840 --> 00:44:19.170

Yes.

420

00:44:21.240 --> 00:44:24.090

Mary Lou Tighe: Mr Chairman motion is approved unanimously.

421

00:44:24.600 --> 00:44:40.230

Greg Ross: Wonderful I appreciate that and and candidly that was all we had for today, but you know what we're on a roll guys so let's come back to the name and let's try and work that out, so that we can put something down on.

422

00:44:41.460 --> 00:44:42.690

Greg Ross: On the La.

423

00:44:45.480 --> 00:44:47.880

Greg Ross: Which of these strike strike you.

424

00:44:49.350 --> 00:44:49.890

Greg Ross: As.

425

00:44:51.630 --> 00:44:55.170

Greg Ross: The one that you want and and i'm willing to listen to it all.

426

00:44:58.440 --> 00:45:01.680

Greg Ross: or easier said which one, do you really hate and get rid of.

427

00:45:04.410 --> 00:45:04.860

Becky Tooley: All.

428

00:45:05.790 --> 00:45:06.510

Greg Ross: I which one.

429

00:45:07.710 --> 00:45:11.460

Becky Tooley: I took took it out, I didn't want bought brought in, but it's out.

430

00:45:11.790 --> 00:45:18.240

Greg Ross: Its out its out i'll take out the be Max where it just doesn't really fly.

431

00:45:19.440 --> 00:45:20.160

Becky Tooley: No, I agree.

432

00:45:26.340 --> 00:45:27.810

Greg Ross: Now let's take a look and.

433

00:45:29.100 --> 00:45:38.130

Greg Ross: you've got some decent ones, you really do the unfortunate part with the bar is young and talking about recycling.

434

00:45:41.040 --> 00:45:43.560

Becky Tooley: yeah I like ours, better than bro.

435

00:45:45.060 --> 00:45:45.420

Becky Tooley: bar.

436

00:45:45.960 --> 00:45:47.970

Greg Ross: So let's let's cut the bar out.

437

00:45:50.100 --> 00:45:53.520

Greg Ross: I know some people would object to that, but the bar is out.

438

00:45:58.800 --> 00:46:00.630

Greg Ross: I gotta be honest as.

439

00:46:01.770 --> 00:46:03.720

Greg Ross: rags to me is.

440

00:46:05.880 --> 00:46:08.670

Greg Ross: Now, not what I want to be known as.

441

00:46:10.200 --> 00:46:10.830

Mary Lou Tighe: Mr chair.

442

00:46:11.430 --> 00:46:13.290

Mary Lou Tighe: Commissioner Marianna has your hand raised.

443

00:46:14.850 --> 00:46:15.240

Greg Ross: The brain and.

444

00:46:15.840 --> 00:46:21.600

Sabrina Javellana: I was just gonna say that I like corn or barda with a D at the end and that's it.

445

00:46:22.290 --> 00:46:23.280

Greg Ross: Okay, thank you.

446

00:46:24.840 --> 00:46:28.080

Greg Ross: let's see if we can still limit some.

447

00:46:31.740 --> 00:46:36.450

Greg Ross: Again bragg's has the word garbage and i'm trying to dress it up.

448

00:46:37.290 --> 00:46:39.570

Beam Furr: I know I just I just needed the G.

449

00:46:39.840 --> 00:46:47.280

Greg Ross: yeah get yeah I been there, I was, I was doing the same thing, but how does everyone feel about getting rid of bragg's.

450

00:46:50.430 --> 00:46:52.410

Greg Ross: No objections get rid of brags.

451

00:46:58.470 --> 00:46:58.950

Beam Furr: Sabrina.

452

00:47:00.660 --> 00:47:01.260

Greg Ross: Sabrina.

453

00:47:02.910 --> 00:47:04.230

Mary Lou Tighe: left over from the last one.

454

00:47:04.320 --> 00:47:06.360

Sabrina Javellana: Okay yeah sorry I forgot to put it down.

455

00:47:07.470 --> 00:47:09.120

Sabrina Javellana: Also anti brags.

456

00:47:10.170 --> 00:47:13.560

Greg Ross: And then you look at barge and it's got that same garbage.

457

00:47:13.800 --> 00:47:19.770

Greg Ross: yeah which again i'm trying to dress things up, so I would get rid of that unless there's a strong objection.

458

00:47:22.260 --> 00:47:22.860

Greg Ross: Okay.

459

00:47:24.180 --> 00:47:27.840

Greg Ross: So we're down to chords barred brass.

460

00:47:29.130 --> 00:47:31.770

Greg Ross: He were and bars.

461

00:47:34.050 --> 00:47:35.640

Greg Ross: talk to me folks, what do you like.

462

00:47:39.000 --> 00:47:45.270

Michael Ryan: This my friend, I don't know that I like a little bit I think we're working hard to find an acronym.

463

00:47:52.830 --> 00:47:58.290

Michael Ryan: I would go i'm okay with solid waste and recycling authority proud solid waste and recycling.

464

00:47:59.490 --> 00:48:06.690

Greg Ross: here's my difficulty with the word authority candidly is people don't like authorities.

465

00:48:07.860 --> 00:48:09.690

Greg Ross: And if we can call it.

466

00:48:10.830 --> 00:48:22.800

Greg Ross: something a little more warm and fuzzy as an entity or as a coalition I think we'd be better off people people just don't like authority.

467

00:48:25.230 --> 00:48:25.860

Greg Ross: But that's.

468

00:48:27.120 --> 00:48:27.480

Greg Ross: You know.

469

00:48:27.540 --> 00:48:27.840

Just.

470

00:48:28.860 --> 00:48:31.800

Michael Ryan: Your maybe right on that you know I.

471

00:48:34.170 --> 00:48:50.610

Michael Ryan: Like the term, but we have a social compact and as in you know set of authority over so i'm okay with coalition, I think the problem with that is it starts to sound like we're inviting in third parties that are non municipal that's what a real call, which will be.

472

00:48:53.850 --> 00:48:55.110

Greg Ross: What about a compact.

473

00:48:58.140 --> 00:48:59.910

Michael Ryan: compact good word collaborative.

474

00:49:01.770 --> 00:49:04.350

Greg Ross: Collaborative may invite a whole host of.

475

00:49:05.940 --> 00:49:12.120

Greg Ross: Individuals that that believe they should be part of it, but it's really just the county in the cities so.

476

00:49:12.150 --> 00:49:19.560

Michael Ryan: Well i'm seeing the chat somebody saying you know, probably choose a song, we already I don't really I don't have a hang up with authority so it's hard for me to.

477

00:49:20.790 --> 00:49:24.000

Michael Ryan: that's why I always I always listen to the county consider the authority.

478

00:49:27.060 --> 00:49:28.620

sensor papers anyway.

479

00:49:33.210 --> 00:49:33.660

Greg Ross: well.

480

00:49:34.230 --> 00:49:34.470

Beam Furr: well.

481

00:49:34.530 --> 00:49:38.520

Greg Ross: If they were if they were paying for it all they can get to name it but they're not.

482

00:49:39.060 --> 00:49:39.960

Beam Furr: Naming rights.

483

00:49:40.200 --> 00:49:40.590

Michael Ryan: You want.

484

00:49:42.390 --> 00:49:43.890

Michael Ryan: To push through the naming rights every.

485

00:49:47.760 --> 00:49:51.240

Michael Ryan: word is a is an a right, we certainly could use that.

486

00:49:52.470 --> 00:49:53.520

Greg Ross: i'm starting here you.

487

00:49:58.260 --> 00:50:00.480

Greg Ross: might get your your your last.

488

00:50:04.170 --> 00:50:04.830

Michael Ryan: Can you hear me now.

489

00:50:05.340 --> 00:50:06.120

Greg Ross: yeah better.

490

00:50:06.510 --> 00:50:19.800

Michael Ryan: I think the board problem is you got a number of boards I think it's a good word but that governing board that other boards and so confusing I get i'm okay with authority, but I appreciate the chairs point that you can have.

491

00:50:20.820 --> 00:50:27.390

Michael Ryan: In some sector of our population and negative connotation bye it also.

492

00:50:28.590 --> 00:50:31.650

Michael Ryan: Pretty consistent around the country where you see a lot of these are named that way.

493

00:50:32.910 --> 00:50:34.050

Beam Furr: or be 2.0.

494

00:50:38.160 --> 00:50:38.970

Beam Furr: Just kidding.

495

00:50:39.210 --> 00:50:39.870

yeah.

496

00:50:43.770 --> 00:50:47.850

Greg Ross: Well then, let's and and again let's work it.

497

00:50:49.020 --> 00:50:50.190

Greg Ross: By attrition.

498

00:50:52.320 --> 00:50:52.800

Greg Ross: Is me.

499

00:50:54.240 --> 00:50:55.710

Greg Ross: let's work on that.

500

00:50:56.820 --> 00:51:11.790

Greg Ross: brass it's got the sanitation in there, and once again we've tossed the other one because it had the word sanitation so i'm not i'm not in love with and it doesn't even have recycling in their.

501

00:51:12.960 --> 00:51:13.650

Greg Ross: recovery.

502

00:51:14.250 --> 00:51:18.240

Michael Ryan: and sanitation is often often associated with falling right, I mean.

503

00:51:18.450 --> 00:51:19.860

Beam Furr: yeah yeah.

504

00:51:21.180 --> 00:51:21.600

Greg Ross: All right.

505

00:51:25.170 --> 00:51:26.520

Greg Ross: It may be, you know.

506

00:51:29.310 --> 00:51:32.220

Greg Ross: chords coalition compact.

507

00:51:35.040 --> 00:51:36.900

Greg Ross: I don't know which one sounds better.

508

00:51:54.090 --> 00:51:56.970

Greg Ross: Who haven't I heard from lately give me an idea.

509

00:51:58.740 --> 00:52:00.570

Greg Ross: Which one, do you think we can cut.

510

00:52:03.870 --> 00:52:12.690

Greg Ross: If if you want to cut the word authority obviously you've got like three of them, that you can cut right away, but I understand where Mike is coming from.

511

00:52:15.000 --> 00:52:16.710

Beam Furr: Be whereas a little bit of a verb to it.

512

00:52:17.520 --> 00:52:21.180

Greg Ross: I I like that one to beyond me, but then again.

513

00:52:21.240 --> 00:52:24.840

Greg Ross: I came up with it, so no matter who came up with that.

514

00:52:28.020 --> 00:52:30.600

Greg Ross: what's everyone think about that one I.

515

00:52:31.080 --> 00:52:35.670

Michael Ryan: know, I think the inclusion of you to try it in there, I don't know.

516

00:52:36.210 --> 00:52:41.070

Beam Furr: What our enterprises on what up and enterprises because I think it will be some enterprises.

517

00:52:42.600 --> 00:52:46.620

Greg Ross: And that's true it's going to be unto itself, so it will be an enterprise.

518

00:52:46.980 --> 00:52:48.330

Beam Furr: yeah, why not, why not use it.

519

00:52:51.180 --> 00:52:52.770

Greg Ross: I have no objection to the teams.

520

00:52:54.720 --> 00:53:06.360

Beam Furr: Because I do think we're trying to the good part about, that is, I do think we're trying to create a circular circular economy, here we are going to be trying to bring.

521

00:53:08.460 --> 00:53:17.310

Beam Furr: You know, companies entrepreneurs to read to to use what we're producing here or recovering here so.

522

00:53:18.960 --> 00:53:19.320

Beam Furr: well.

523

00:53:20.280 --> 00:53:21.120

Beam Furr: I think it was.

524

00:53:21.930 --> 00:53:23.010

Beam Furr: A good places like that.

525

00:53:23.700 --> 00:53:26.010

Michael Ryan: I like the word out of product guys good I mean it has a.

526

00:53:27.150 --> 00:53:32.370

Michael Ryan: Common meeting amongst us, you know municipalities that have such enterprise funds etc yeah.

527

00:53:32.910 --> 00:53:44.340

Michael Ryan: Of course um I don't know that waste in and of itself is enough, again I think we're forced fitting to get an acronym I think if you agree that might be a better word for rock solid waste and recycling enterprise.

528

00:53:45.240 --> 00:53:46.740

Greg Ross: So then it's be swear.

529

00:53:49.260 --> 00:53:49.350

I.

530

00:53:50.970 --> 00:53:52.590

Greg Ross: swear right.

531

00:53:55.620 --> 00:53:58.230

Beam Furr: just put a hyphen oh no no it's still worth your money.

532

00:54:05.670 --> 00:54:07.650

Greg Ross: I again, I have no problem with that.

533

00:54:09.660 --> 00:54:10.320

Becky Tooley: I don't either.

534

00:54:11.280 --> 00:54:13.410

Greg Ross: Dave you've got your hand raised, I believe.

535

00:54:19.560 --> 00:54:20.250

Greg Ross: you've already you.

536

00:54:20.310 --> 00:54:23.700

Steven Glassman: unmuted now I I didn't have my hand raised and.

537

00:54:23.790 --> 00:54:28.350

Steven Glassman: Okay, I was just wondering why we're why we're doing this exercise.

538

00:54:30.360 --> 00:54:30.780

Greg Ross: Because.

539

00:54:32.100 --> 00:54:37.860

Greg Ross: one time or another we're we're sort of finishing off the La.

540

00:54:37.950 --> 00:54:40.080

Greg Ross: As he attorneys and doing the verbiage.

541

00:54:40.560 --> 00:54:44.970

Greg Ross: we're giving them the mission statement, along with WHO we're going to be called.

542

00:54:45.300 --> 00:54:53.190

Steven Glassman: You know I understand all that i'm just wondering why is it important that we have an acronym that is that important here.

543

00:54:54.180 --> 00:54:57.150

Greg Ross: In the long run it's what we're going to be known as.

544

00:54:57.420 --> 00:55:00.630

Greg Ross: people wanted to shorten it and, and I think it is.

545

00:55:02.280 --> 00:55:05.490

Greg Ross: It is important to the extent we spend the time on it honestly.

546

00:55:07.020 --> 00:55:07.890

Beam Furr: I don't think we're gonna.

547

00:55:07.950 --> 00:55:10.470

Michael Ryan: I think the names of corn I don't know what the acronym is.

548

00:55:10.500 --> 00:55:14.370

Steven Glassman: Right right oh me too right I.

549

00:55:15.510 --> 00:55:22.140

Steven Glassman: I just can't imagine all the citizens of broward county running around you know talking about the acronym just.

550

00:55:23.550 --> 00:55:25.710

Beam Furr: you're not going to start want to start off with vs.

551

00:55:28.620 --> 00:55:29.160

Beam Furr: Solid.

552

00:55:30.390 --> 00:55:32.010

Greg Ross: yeah I can't argue that one.

553

00:55:33.510 --> 00:55:33.630

Greg Ross: and

554

00:55:33.930 --> 00:55:37.890

Greg Ross: Then the the the bsw raise out.

555

00:55:37.950 --> 00:55:39.960

Greg Ross: And the bs who is out.

556

00:55:40.320 --> 00:55:45.030

Michael Ryan: I don't know that it's out, I think you can say brown county solid waste and recycling really worried about yes.

557

00:55:46.920 --> 00:55:48.300

Becky Tooley: yeah I don't like to be where.

558

00:55:49.650 --> 00:55:52.380

Greg Ross: that's fine or the beast where.

559

00:56:00.960 --> 00:56:08.370

Michael Ryan: i'm going with the last one, but it also may be that i'm reflecting the balance of the prior speakers today how much.

560

00:56:10.170 --> 00:56:12.510

Beam Furr: Was that was an interesting one, the sword.

561

00:56:14.820 --> 00:56:17.250

Beam Furr: Somebody from from coconut creek.

562

00:56:19.680 --> 00:56:19.920

Becky Tooley: Like.

563

00:56:20.850 --> 00:56:21.690

Beam Furr: sharing with.

564

00:56:21.780 --> 00:56:22.770

Beam Furr: Somebody just pull one up.

565

00:56:23.430 --> 00:56:26.220

Mary Lou Tighe: His sword solid waste organization.

566

00:56:27.060 --> 00:56:27.270

Your.

567

00:56:28.320 --> 00:56:29.010

Mary Lou Tighe: disposal.

568

00:56:43.980 --> 00:56:44.820

Greg Ross: Pretty darn good.

569

00:56:46.470 --> 00:56:52.620

Steven Glassman: I don't know I don't know if you want to have a sword, as your acronym I don't know to me that's.

570

00:56:52.830 --> 00:56:53.850

Steven Glassman: Almost as bad as.

571

00:56:53.850 --> 00:57:07.620

Steven Glassman: Broad as I I don't know i'm going to fall on your sword you're going to die on your sword I don't know it just to me why would you want to have that word I do like I do like broward county solid waste and recycling Authority because.

572

00:57:08.130 --> 00:57:21.660

Steven Glassman: That is what it is and it isn't authority and we're loving non ad valorem taxes, and we are an authority it isn't authority, whoever is going to be the authority I just say I just think that's the most honest, the most honest name of all of them.

573

00:57:25.140 --> 00:57:27.600

Greg Ross: Okay, what is everyone else thank.

574

00:57:30.480 --> 00:57:45.030

Bob Mayersohn: You we Mike my question is in in because I know we talked about the potential of regionalisation, do we want to add in we're back to hear broward county regional solid waste and recycling authority.

575

00:57:48.240 --> 00:57:49.680

Greg Ross: i'm sorry say that one again but.

576

00:57:50.310 --> 00:57:56.520

Bob Mayersohn: If we if we're before we were talking about just brown I mean here all these names are just broward county.

577

00:57:58.830 --> 00:58:01.290

Bob Mayersohn: If we're talking about regionalisation.

578

00:58:02.700 --> 00:58:11.010

Bob Mayersohn: Do we want that, in the name to be broward county regional solid waste and recycling authority or do we just want to leave that out.

579

00:58:12.360 --> 00:58:15.750

Greg Ross: I think, until we realize we can't utilize it.

580

00:58:16.770 --> 00:58:17.250

Becky Tooley: I agree.

581

00:58:17.280 --> 00:58:21.450

Greg Ross: And we can always read your life without you know where we're proud of, who we are we're.

582

00:58:21.450 --> 00:58:29.550

Michael Ryan: Broadcasting I would say we we aren't realizing a sense, and we have regional communications on one because the cities, all got together with it down.

583

00:58:30.090 --> 00:58:36.750

Michael Ryan: This is a regional authority now I made you can debate whether it includes bar, you know family family and the other.

584

00:58:37.350 --> 00:58:42.840

Michael Ryan: But, but this has been part of that effort of regionalisation and that has really been maybe loosely used.

585

00:58:43.590 --> 00:58:47.910

Michael Ryan: To this to describe the collaboration of municipalities and the county.

586

00:58:48.480 --> 00:59:02.220

Michael Ryan: So I don't I don't have an opposition to including it even as a nurse again an indication of a North star but getting Bob is alluding to I personally liked the idea of calling the broward county regional solid waste and recycling worry I like that.

587

00:59:10.350 --> 00:59:12.600

Greg Ross: i'm sorry Mike, you said you like the bars.

588

00:59:14.430 --> 00:59:16.890

Michael Ryan: Now, at a regional to the name.

589

00:59:17.460 --> 00:59:18.870

Greg Ross: Thank you okay okay.

590

00:59:19.230 --> 00:59:21.900

Michael Ryan: So broward county regional solid reasons.

591

00:59:24.660 --> 00:59:36.720

Beam Furr: um I guess I need to ask matt just for a second because he was he was discussing with regarding mission statement, the use of the word, sorry matt is there a problem in terms of statutes and stuff.

592

00:59:37.560 --> 00:59:49.380

Matthew Haber: I don't know what there's no problem with using the term authority what I was getting at was just the idea of transferring government powers and functions, but this is branding This is fine.

593

00:59:49.890 --> 00:59:51.540

Beam Furr: Okay, just checking just making sure.

594

01:00:02.970 --> 01:00:12.150

Greg Ross: Okay let's try and do this so are we all in agreement that the cords and barred are not to be utilized.

595

01:00:15.270 --> 01:00:18.510

Greg Ross: We take those out or relieving them into consideration.

596

01:00:25.710 --> 01:00:39.870

Sabrina Javellana: I just think we should keep them because to me like they're the easiest to just kind of pronounced like Oh, the bar did this or or go talk to the bar, you know, like they're, just like the easiest to pronounce and just remember for folks like to preach the word.

597

01:00:41.430 --> 01:00:44.130

Greg Ross: I think the acronym is important, I really do.

598

01:00:45.900 --> 01:00:46.110

Becky Tooley: yeah.

599

01:00:46.590 --> 01:00:50.370

Beam Furr: yeah you only got three that are when it gets for that act as a.

600

01:00:51.660 --> 01:00:53.700

Beam Furr: nun some unseeable.

601

01:00:56.490 --> 01:00:56.700

that's.

602

01:01:02.880 --> 01:01:09.570

Michael Ryan: Why would remove bars I don't think that That completes and you're trying to get something that's easily pronounced.

603

01:01:10.500 --> 01:01:26.010

Michael Ryan: swap that was just added doesn't have recycling, so I don't think we want that we want to make sure that's in the name i'll be honest with you, I don't feel that strongly about the acronym it'll be know by whatever fly, sometimes we know that sometimes it'll be something positive.

604

01:01:27.120 --> 01:01:37.830

Michael Ryan: But, again, I as Steve said, I do think there are kind of evil solid waste recycling authorities, certainly on i'm not saying most awkward silence it's it is what it is.

605

01:01:39.690 --> 01:01:51.840

Michael Ryan: You know broward authority to the county that that maybe that's Okay, but I understand the point i'm going to way not waiting until there's a final motion on it, because I just don't feel that strongly about the the actor.

606

01:01:53.730 --> 01:01:58.980

Greg Ross: I it's funny I do i'd like to keep things simple, I really do.

607

01:02:00.060 --> 01:02:05.040

Greg Ross: I think the bard may be keeping it simple and it says everything you need in there.

608

01:02:06.360 --> 01:02:07.320

Greg Ross: Other than regional.

609

01:02:09.720 --> 01:02:11.190

Jamie Cole: The other before.

610

01:02:14.640 --> 01:02:15.060

Greg Ross: Your.

611

01:02:16.170 --> 01:02:17.820

Jamie Cole: Think, I think that reads better.

612

01:02:18.660 --> 01:02:19.500

Greg Ross: yeah that's not a problem.

613

01:02:24.120 --> 01:02:24.570

Greg Ross: well.

614

01:02:25.890 --> 01:02:31.080

Greg Ross: If you want time and we can all get some time, this does not have to be decided today.

615

01:02:34.200 --> 01:02:37.800

Greg Ross: Look at these take a picture of them if you must.

616

01:02:38.850 --> 01:02:49.440

Greg Ross: But this name or the branding, if you will, would be I guess the entities issue in how they handle it.

617

01:02:52.230 --> 01:02:55.230

Greg Ross: Or we can do it later and hand them.

618

01:02:56.460 --> 01:03:00.390

Greg Ross: What name they will be utilizing which, I think, really, we should.

619

01:03:01.620 --> 01:03:02.100

Yes.

620

01:03:03.270 --> 01:03:05.070

Greg Ross: And, and having said that.

621

01:03:05.460 --> 01:03:08.700

Beam Furr: It is important because, when we're trying to do, educational campaigns.

622

01:03:08.790 --> 01:03:11.130

Beam Furr: Right now, this is where it's going to be.

623

01:03:12.600 --> 01:03:17.310

Beam Furr: you're going to be asking kids to remember this here, you may be asking people to remember this.

624

01:03:19.350 --> 01:03:20.940

Beam Furr: So we do need to kind of figure this out.

625

01:03:21.720 --> 01:03:22.080

yeah.

626

01:03:25.620 --> 01:03:30.570

Greg Ross: And that's why I think you have to hold on to a an acronym.

627

01:03:34.500 --> 01:03:41.910

Mary Lou Tighe: Mr chair, we just had another addition to the chat which is cool court C O R D s.

628

01:03:43.710 --> 01:03:44.550

Greg Ross: I thought we had that.

629

01:03:45.000 --> 01:03:47.850

Mary Lou Tighe: If you give me i'm just trying to Jamie to catch up here.

630

01:03:48.300 --> 01:03:50.160

Mary Lou Tighe: Okay, and i'll read what it stands for.

631

01:03:51.210 --> 01:03:52.560

Michael Ryan: A regional.

632

01:03:53.100 --> 01:03:54.090

coalition.

633

01:03:55.200 --> 01:03:57.900

Mary Lou Tighe: of regional recycling and disposal services.

634

01:04:03.870 --> 01:04:05.820

Greg Ross: I think the cords was spelt wrong then.

635

01:04:06.660 --> 01:04:07.740

Greg Ross: yeah oh.

636

01:04:08.370 --> 01:04:09.300

Greg Ross: I see what you're doing.

637

01:04:11.430 --> 01:04:12.900

Greg Ross: Then it should be to ours.

638

01:04:13.260 --> 01:04:14.910

Mary Lou Tighe: Well, just give them a chance to.

639

01:04:15.300 --> 01:04:15.930

Greg Ross: Oh sure.

640

01:04:16.680 --> 01:04:17.280

Mary Lou Tighe: i'm air.

641

01:04:22.140 --> 01:04:25.230

Greg Ross: Pollution, or do you want coalition or compact.

642

01:04:27.240 --> 01:04:28.860

Mary Lou Tighe: This suggestion was coalition.

643

01:04:29.190 --> 01:04:29.550

Okay.

644

01:04:30.990 --> 01:04:36.270

Greg Ross: Well, listen regional recycling disposal services but broward is not in there.

645

01:04:38.460 --> 01:04:39.300

Mary Lou Tighe: That is correct.

646

01:04:42.240 --> 01:04:42.840

Becky Tooley: I agree.

647

01:04:44.430 --> 01:04:51.450

Greg Ross: And i've got to be honest, I think we're all from broward and we're proud of that, and i'd like to see broward in there somewhere.

648

01:04:53.010 --> 01:04:56.820

Michael Ryan: Share there's an interesting commentary, you know, there are.

649

01:04:58.140 --> 01:05:09.390

Michael Ryan: folks to do this daily think about these things better than I do, and obviously my lack of imagination, has been demonstrated by my comment that is important, perhaps, perhaps.

650

01:05:10.410 --> 01:05:25.560

Michael Ryan: You know, County staff with you a PR work and with their heads together and surely individually sally's maybe that can happen and come back so if we're not going to resolve that is probably a lot of other acronyms that can be utilized I can that's a great suggestion.

651

01:05:26.610 --> 01:05:29.550

Greg Ross: And this suggestion is a great one.

652

01:05:31.020 --> 01:05:33.810

Greg Ross: If I can toss it over to beam and asked.

653

01:05:34.290 --> 01:05:37.020

Greg Ross: For the assistance of your staff to help out on that.

654

01:05:37.440 --> 01:05:40.260

Beam Furr: that's a whole lot better than me going to Wikipedia and looking for acronyms.

655

01:05:43.410 --> 01:05:43.680

Mary Lou Tighe: here.

656

01:05:44.100 --> 01:05:46.200

Beam Furr: Even though they do have a list of all of the.

657

01:05:47.610 --> 01:05:49.890

Beam Furr: acronyms on Wikipedia by letter.

658

01:05:50.250 --> 01:05:51.030

Mary Lou Tighe: Mr chair.

659

01:05:51.360 --> 01:05:54.870

Mary Lou Tighe: yeah we'll also talk to the leaks and public relations consultant.

660

01:05:55.350 --> 01:05:55.620

Mary Lou Tighe: and

661

01:05:55.980 --> 01:05:57.780

Mary Lou Tighe: see if they can provide some input to it.

662

01:05:58.500 --> 01:06:03.150

Greg Ross: and hurt and I see you, Commissioner, I have a Yana as a hand raised.

663

01:06:07.950 --> 01:06:09.570

Sabrina Javellana: Sorry that's an old can raise.

664

01:06:10.230 --> 01:06:10.740

Okay.

665

01:06:12.420 --> 01:06:16.770

Greg Ross: All right, then that's good um, let me just see if there's anyone else.

666

01:06:18.090 --> 01:06:26.250

Greg Ross: Okay, can can Mike Mike is on right i've yeah I heard from him earlier Michael cirillo.

667

01:06:26.790 --> 01:06:27.420

Michael Cirullo: yeah i'm on.

668

01:06:27.690 --> 01:06:31.890

Greg Ross: Okay, between you Mike and Jamie and matt.

669

01:06:33.090 --> 01:06:44.640

Greg Ross: Can you give us an idea of how much time you will need additional time from today to come up with the aisle a draft.

670

01:06:50.520 --> 01:06:51.000

Michael Cirullo: um.

671

01:06:52.620 --> 01:06:53.610

Michael Cirullo: Well, I guess, I.

672

01:06:54.750 --> 01:07:06.810

Michael Cirullo: mean it gets back to the discussions that we've had before we've got I wasn't at the meeting last night, it was intense I mean last week to use the mission statement for us as the guidance to go in and.

673

01:07:08.100 --> 01:07:12.540

Michael Cirullo: call again all the specifics that are remaining in the draft document today.

674

01:07:14.910 --> 01:07:15.360

Michael Cirullo: I think.

675

01:07:16.710 --> 01:07:23.040

Greg Ross: I think we we covered a lot of what should be included in our last meeting.

676

01:07:25.500 --> 01:07:28.830

Greg Ross: And i'm pretty sure the notes were taken.

677

01:07:29.280 --> 01:07:33.210

Mary Lou Tighe: This chair, they were there on the website matt also has his hand raised.

678

01:07:33.720 --> 01:07:34.440

Greg Ross: Ah matt.

679

01:07:35.460 --> 01:07:43.050

Matthew Haber: Why, I just wanted to follow up from the last meeting one of the things I remember, is an outstanding question.

680

01:07:44.220 --> 01:08:01.320

Matthew Haber: You know, which is it's certainly not a thing for the lawyers to decide, but was you know whether or not this is going to be the economic flow control or contractual flow control, and I remember there had been some discussion of asking the tack to to look into that as well.

681

01:08:01.770 --> 01:08:05.550

Greg Ross: Right and and we are, we are with getting with the attack.

682

01:08:06.660 --> 01:08:19.110

Mary Lou Tighe: We are Mr chair were looking to try and schedule that meeting i'm waiting for some non some scheduling but we're going to try and do that on the 29th of November and detached understands what their charges are and hopefully we'll.

683

01:08:20.130 --> 01:08:24.270

Mary Lou Tighe: have an answer either at the conclusion of that meeting or shortly thereafter.

684

01:08:24.930 --> 01:08:30.570

Greg Ross: Okay, very good so knowing now gentlemen, that you have at least until.

685

01:08:31.680 --> 01:08:42.180

Greg Ross: Really, after the 29th do you think that by mid December, you will be able to come up with something which is really a month from now.

686

01:08:43.980 --> 01:08:58.470

Michael Cirullo: Well, this is my throw I think you know your next meeting is scheduled for December 1, which is after the attack meeting so assuming that any issues or matters that come out of the attack meeting can be discussed and confirmed on the first.

687

01:08:59.700 --> 01:09:04.590

Michael Cirullo: We should be able to make some progress on those issues between the first and the 15th.

688

01:09:05.910 --> 01:09:07.890

Michael Cirullo: Which meeting after that I would.

689

01:09:07.980 --> 01:09:15.240

Michael Cirullo: I would, I would guess that and how much they do on the 29th and how much you can confirm, on the first.

690

01:09:15.810 --> 01:09:29.730

Greg Ross: Right and then between the 29th and the first i'd love, if at all possible, whether it be the attack or if the attack give you Gentlemen, the information, whether we, as a.

691

01:09:29.910 --> 01:09:31.110

Greg Ross: Working Group can.

692

01:09:31.110 --> 01:09:38.250

Greg Ross: Get that so that we can at least have the 24 hours to review it and and get back to everyone.

693

01:09:39.180 --> 01:09:48.900

Michael Cirullo: yeah I will work with Mary Lou and whatever we can get out of that hack meeting will get you on the 30th or later on the 29th depending on what time that meeting, except for.

694

01:09:49.650 --> 01:09:50.460

Greg Ross: All right, very good.

695

01:09:54.300 --> 01:09:54.930

Alex Tergis: Sorry.

696

01:09:55.380 --> 01:09:56.010

Greg Ross: Yes, out.

697

01:09:56.070 --> 01:09:59.880

Alex Tergis: we're planning on the afternoon of the 29th.

698

01:10:01.140 --> 01:10:01.830

Greg Ross: Sorry, good.

699

01:10:01.890 --> 01:10:04.380

Alex Tergis: The all the tech Members can be there and.

700

01:10:04.530 --> 01:10:06.300

Alex Tergis: we'll hopefully have something.

701

01:10:06.330 --> 01:10:11.820

Alex Tergis: For you, as soon as possible, sounds like Jamie will be involved or there.

702

01:10:12.270 --> 01:10:18.180

Mary Lou Tighe: Mr chair, I will include the legal representatives on the notice for the tack meeting.

703

01:10:18.660 --> 01:10:22.350

Greg Ross: Thank you, and the answer is yes Alex all the legal REPS will be there.

704

01:10:22.440 --> 01:10:23.640

Alex Tergis: Perfect Thank you.

705

01:10:25.920 --> 01:10:31.200

Greg Ross: All right, anything else to come before the working group at this time.

706

01:10:33.540 --> 01:10:35.760

Greg Ross: Then I just want to say again.

707

01:10:36.150 --> 01:10:36.420

708

01:10:39.150 --> 01:10:42.270

Greg Ross: You for oh no no i'm not i'm not i'm not done i'm not going.

709

01:10:42.390 --> 01:10:43.290

Greg Ross: Back I just.

710

01:10:43.320 --> 01:10:43.950

Michael Ryan: want to say.

711

01:10:44.010 --> 01:10:47.190

Michael Ryan: Why wouldn't meeting be without having a chance to talk to them so yeah.

712

01:10:47.460 --> 01:10:49.890

Greg Ross: I look forward to it every meeting now.

713

01:10:50.160 --> 01:10:52.440

Michael Ryan: And then different most of his time to someone else thank.

714

01:10:52.440 --> 01:10:53.040

715

01:10:53.610 --> 01:10:57.570

Greg Ross: So i'll i'll go ahead and before I say my thank yous.

717

01:11:08.400 --> 01:11:09.360

Greg Ross: I don't see any hands.

718

01:11:10.590 --> 01:11:13.500

Greg Ross: I know I can't believe it either definitely person.

719

01:11:13.590 --> 01:11:16.110

Stephanie Pearson: Yes, thank you, I couldn't find my hand on.

720

01:11:17.490 --> 01:11:27.510

Stephanie Pearson: i'm with the League of women voters of broward county and i'm glad that you're working on the mission statement and that happy you included the zero waste.

721

01:11:28.740 --> 01:11:36.270

Stephanie Pearson: verbiage in there, but I also wanted to encourage you to consider waste reduction up front.

722

01:11:36.780 --> 01:11:44.460

Stephanie Pearson: Because you'll not only be able to divert waste from landfills, but in the long run, reduce the need for incinerator capacity.

723

01:11:44.820 --> 01:11:56.190

Stephanie Pearson: And i'm particularly concerned about plastics, because, as you know, they're made from fossil fuels, contribute to climate change are a threat to wildlife human health in our oceans.

724

01:11:56.520 --> 01:12:09.180

Stephanie Pearson: And when we have our educational campaigns, we want to encourage people to reduce waste, particularly plastic, so I was hoping somewhere in your mission statement, you may find a way to.

725

01:12:09.990 --> 01:12:22.200

Stephanie Pearson: include the words waste reduction, so that you will include that in your educational campaign, so I appreciate the work you're doing I think you're making great progress, and thank you very much.

726

01:12:22.860 --> 01:12:24.690

Greg Ross: And I thank you for your comments.

727

01:12:25.740 --> 01:12:28.380

Greg Ross: I had Luciana waving two hands.

728

01:12:29.520 --> 01:12:32.820

Luciano: Thank you, Mr Chairman, Mr Vice Chairman mistake.

729

01:12:35.190 --> 01:12:53.490

Luciano: Mr Gordon just wanted to say on behalf of our client wastefulness Council recycles Council and Mr the beta how much we think our participation in the sw the odd and wishing all of you are very safe and happy thanksgiving Thank you very much.

730

01:12:53.880 --> 01:12:55.350

Greg Ross: I thank you very much.

731

01:12:56.880 --> 01:13:00.960

Greg Ross: anyone else was going to speak is that Joe no it's not.

732

01:13:01.470 --> 01:13:08.460
